Kowloon Development Company Limited

九龍建業有限公司

Kowloon Development Company Limited (Stock Code: 34) has been engaged in property investment and investment holding with the operation of its business mainly in Hong Kong since its establishment. It has substantially broadened the areas of its business activity since the Polytec group gained the control of it in 2002. The Group is principally engaged in investment holding, property development, property investment and property management in Hong Kong, Mainland China and Macau, with the exposure to property development in Macau through the Company's 70.8%-owned listed subsidiary, Polytec Asset Holdings Limited (Stock Code: 208). The Group is determinedly committed to enhancing its competitive position, with its landbank amounting to approximately 3.5 million sq m of attributable gross floor area in Hong Kong and Mainland China as of 31 December 2019.

九龍建業有限公司(股份代號：34)自成立以來一直從事物業投資及投資控股業務，其業務主要於香港營運。本公司自保利達集團於二零零二年入主起便大幅擴闊其業務範圍，集團主要於香港、中國大陸及澳門從事投資控股、物業發展、物業投資及物業管理業務，並通過本公司擁有70.8%權益之上市附屬公司保利達資產控股有限公司(股份代號：208)投資於澳門地產發展業務。集團致力提升本身之競爭優勢，截至二零一九年十二月三十一日，其於香港及中國大陸土地儲備之應佔樓面面積約3,500,000平方米。

Notes:

- The financial information in this summary is extracted from the published financial statements for the last five years.
- In 2018, a special interim dividend to be satisfied by way of distribution in specie of share in Polytec Asset Holdings Limited ("PAH") held by the Group on the basis of 1 ordinary share of PAH for every 10 ordinary shares of the Company.
- Underlying profit excludes revaluation of investment properties and interests in property development.
- Gearing ratio represents bank borrowings, loans from related companies/ultimate holding company and a fellow subsidiary less amounts due from related companies/fellow subsidiaries and net of cash and bank balances over equity attributable to shareholders of the Company.

Chairman's Statement

Artist's Impression of Phase 2 development of Le Cove Garden (Huizhou)

Group Results and Dividends

For the year ended 31 December 2019, the Group's net profit attributable to shareholders of the Company amounted to HK\$2,450 million compared to HK\$2,193 million in 2018, an increase of 11.7%. Excluding revaluation from the Group's investment properties net of tax and fair value gains on its interests in the property development projects, underlying net profit attributable to shareholders of the Company for 2019 rose to HK\$2,600 million from HK\$1,711 million in 2018, an increase of 52.0%. The underlying net earnings per share for 2019 were HK\$2.21 compared to HK\$1.45 in 2018.

The Board of Directors has recommended the payment of a final dividend of HK\$0.54 (2018: HK\$0.50) per share for the year ended 31 December 2019. Together with the 2019 interim dividend of HK\$0.24 (2018: HK\$0.22) per share, the full year dividend for 2019 amounts to HK\$0.78 (2018: HK\$0.72) per share.

The final dividend will be payable on Monday, 29 June 2020 to shareholders whose names appear on the Register of Members of the Company on Thursday, 18 June 2020, subject to the approval of shareholders at the 2020 Annual General Meeting.

Market Overview and Business Review

In Hong Kong, the US-China trade dispute and social movement events have had adverse impacts on the economy. Therefore, more people started taking a wait-and-see approach in the middle of 2019, with overall residential prices reversing its upward trend and the total transaction volumes also recording considerable declines in the second half of 2019.

In Mainland China, the nationwide's overall residential property prices inflation remained stable in 2019. However, the performance varied across cities, with the prices rising in the cities with strong demand and declining in the cities with weak demand.

In Macau, the overall residential prices remained relatively stable in 2019 while the total transaction volumes fell considerably compared with that of 2018.

Chairman's Statement

Development Property Sales

In Hong Kong, the Group's two wholly-owned residential development projects in Hung Hom and Lei Yue Mun, namely Upper East and One East Coast, respectively were completed and delivered to buyers during 2019. Almost all residential units at Upper East and around 90% of residential units at One East Coast were sold as of 31 December 2019, with sale proceeds from the respective development projects being recognised for the year under review.

In Mainland China, there was only a small portion of sales being recognised for the year under review.

In Macau, the Group received satisfactory income distributions for its interest in the La Marina development project for the year ended 31 December 2019.

Property Investment in Hong Kong

Gross rental income generated from the Group's property investment portfolio in Hong Kong for 2019 rose slightly to HK\$357 million from HK\$350 million in 2018, an increase of 2%. Gross rental income generated from the Pioneer Centre, the Group's wholly-owned flagship and core investment property in Hong Kong, for 2019 rose slightly to HK\$306 million from HK\$303 million, an increase of 1% over 2018. Overall occupancy rate for the Group's property investment portfolio remained high at over 95% as of 31 December 2019.

Other Businesses through Polytec Asset Holdings Limited ("Polytec Asset"), a 70.8%-owned listed subsidiary of the Company

The Group's exposures to the property investment in Macau, the oil business, the ice manufacturing and cold storage business and the financial investment business are through Polytec Asset. Their respective operational results are as follows:

■ Property Investment in Macau

For the year ended 31 December 2019, Polytec Asset's share of gross rental income generated from the joint venture's investment properties rose to approximately HK\$84 million, an increase of 2.4% over 2018. The rental income was mainly generated from The Macau Square, Polytec Asset's 50%-owned investment property, with its share of total rental income of the property rising by HK\$1 million to approximately HK\$77 million in 2019.

Clubhouse at One East Coast (Hong Kong)

Chairman's Statement

■ Oil

The oil segment recorded a loss after tax of HK\$285 million for the year ended 31 December 2019 compared to a loss of HK\$15.9 million in 2018. The increase in the loss was mainly due to an impairment loss of HK\$270 million made for Polytec Asset's oil production and exploitation assets in Kazakhstan (with the change in its related tax being included) for the year under review. Management is of the view that the above impairment is based on the assessment of the prevailing oil market and its development plan.

■ Ice Manufacturing and Cold Storage

Total operating profit for the combined ice manufacturing and cold storage segment amounted to HK\$25.2 million in 2019, a decrease of 1% over 2018 due to weakening demand.

■ Financial Investment

Polytec Asset commenced its engagement in financial investment activities in August 2019, with total net income of HK\$7.6 million from its fixed-income (bonds) and equity (blue-chip stocks) investments being recorded for the year ended 31 December 2019.

Business Strategy

The Company has been engaged in property investment and investment holding with the operation of its business mainly in Hong Kong since its establishment. It has substantially broadened the areas of its business activity since the Polytec group gain the control of it in 2002. The Group is principally engaged in investment holding, property development, property investment and property management in Hong Kong, Mainland China and Macau, with the exposure to property development in Macau through Polytec Asset.

Prospects

The economic outlook for Hong Kong started to deteriorate at the beginning of 2020, with people generally showing less enthusiasm on home purchases. As a result, the residential transaction volumes recorded a considerable decline in the first two months of 2020. The Group has obtained the Occupation Permit for 63 Pokfulam, its major development project in Pok Fu Lam Road, and so far over 95% of residential units have been presold. The handover of the presold units at 63 Pokfulam to buyers is expected to start in the middle of 2020 and its related sale proceeds will be recognised during 2020. The foundation works for the Group's another major development project in Tseung Kwan O were completed and the superstructure works have been commenced. The Group intends to develop this site into two high-rise residential towers with over 1,500 residential units, covering a total gross floor area of approximately 48,000 sq m. The project completion and the obtaining of Occupation Permit are expected at the end of 2021. In addition, rental income from the Group's investment properties in Hong Kong is expected to be adversely affected by the coronavirus pandemic.

In Mainland China, the relocation works of the Group's Shanghai redevelopment project were completed and the demolishing works and overall planning are in progress. There would be only a small portion of sale proceeds from the Group's development projects to be recognised in 2020 and therefore the contribution to the Group's results would be limited.

The outlook for the major development projects and businesses through Polytec Asset, a 70.8%-owned listed subsidiary of the Company, is set out below:

- The basic infrastructure works for the Zhongshan property development project have been commenced. The overall planning and design for the project by a professional design house is well underway.

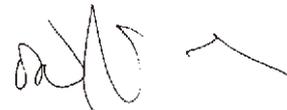

Chairman's Statement

- In anticipation of deteriorating global economic prospects, the Brent crude oil price has recently plummeted. If the Brent oil price does not rebound significantly, Polytec Asset will have to fully write off its oil assets in Kazakhstan in 2020 and will consider closing down the business. The current net book value of the oil assets is approximately HK\$66.7 million, representing only less than 0.5% of Polytec Asset's net asset value and hence the impact of the write-off would be insignificant.
- Polytec Asset's rental income from the investment properties in Macau and its ice manufacturing and cold storage business in Hong Kong are also expected to be adversely affected by the coronavirus.
- La Marina, Polytec Asset's important development project in Macau, was still well received by the market and the sales of its residential units for the year under review remained satisfactory due to its excellent quality and design. The income to be received from Polytec Asset's interest in this development project is expected to make a certain contribution to the Group's results in the coming one to two years.

As the Group has endeavoured to deliver best quality products to its buyers for years, its relentless efforts have recently been recognised by the market again, with Phase 2 of Le Cove Garden in Guangdong, Huizhou being awarded "Certificate of Green Building Design Label" from Huizhou Green Building and Energy Conservation Association in January 2020. Indeed, Upper East, the Group's newly completed development project in Hung Hom, Hong Kong, was being awarded "Certificate of Five Stars Residency for the Year 2019" in June 2019 by the Hong Kong Professional Building Inspection Academy as stated in the Company's Interim Report for 2019.

Looking ahead to the rest of 2020, the Greater China region and the rest of the world by turns have been hit hard by the outbreak of the coronavirus, with unprecedented suspension of some economic activities across countries and also having caused extraordinarily high volatility in the global financial markets. This has significantly disrupted normal economic growth around the world and the impacts of the outbreak on the world economic prospects are expected to be severe, with the unemployment rates across countries likely rising considerably. It will definitely pose further challenge to the Group. However, the Group will continue to explore investment opportunities in the Greater China region aiming to create favourable conditions for sustainable growth for the Group. In addition, the Group intends to start engaging in financial investment activities at an appropriate time and will focus on fixed income investments, allowing more flexibility in utilising its existing resources and by taking prudent approach, providing diversified sources of income to the Group.

I would like to express my sincere gratitude to my fellow Directors for their strong support, and to all of our staff for their dedication to serving the Group.

Review of Operations

Property Investment

In Hong Kong, gross rental income generated from the Group's property investment portfolio for 2019 rose slightly to HK\$357 million from HK\$350 million in 2018, an increase of 2%. Gross rental income generated from the Pioneer Centre, the Group's wholly-owned flagship and core investment property in Hong Kong, for 2019 rose slightly to HK\$306 million from HK\$303 million, an increase of 1% over 2018. Overall occupancy rate for the Group's property investment portfolio remained high at over 95% as of 31 December 2019.

In Macau, Polytec Asset's share of gross rental income generated from the joint venture's investment properties for the year ended 31 December 2019 rose to approximately HK\$84 million, an increase of 2.4% over 2018. The rental income was mainly generated from The Macau Square, Polytec Asset's 50%-owned investment property, with its share of total rental income of the property rising by HK\$1 million to approximately HK\$77 million in 2019.

Property Management

The Group offers a full range of high quality property management services to our clients. Our client base includes not only self-developed luxury residential buildings, serviced apartments and medium scale commercial buildings, but also public housing estates. As at 31 December 2019, the total area of properties under management was maintained at approximately 1,632,000 sq m (2018: 1,517,000 sq m).

Key Risk and Uncertainties

The Group faces various risks including those specific to the property development business as well as those that are common to other businesses. The Group's risk management and internal control systems are in place to ensure principal risks as well as significant emerging risks are identified, monitored and managed on a continuous basis. The principal risks and uncertainties set out below may have material impacts on the Group's businesses, operating results, financial position or prospects, but they are by no means exhaustive or comprehensive.

Pioneer Centre (Hong Kong)

The Macau Square (Macau)

Property Development Risk

Similar to other property developers, the Group is confronted with the risk of deterioration of property market conditions which is subject to the changes in the overall economic environment, political and social stability, governmental policies, as well as the taxes and stamp duties imposed on the sales of residential properties in the geographical areas of the Group's operations.

Review of Operations

Key Risk and Uncertainties (Continued)

Property Development Risk (Continued)

The profitability of the Group may also be hindered by rising construction costs and sub-contracting charges and keen competition from other property developers. A significant adverse financial impact may arise if any of our construction projects is not able to be completed on schedule or within budget. The Group's prospects are also subject to the supply of land affected by land policies in different geographical areas.

Regulatory Risk

The Group operates in highly-regulated markets and industries where changes to the regulatory environment may have significant impacts on our businesses. We have to ensure we can comply with all the regulatory requirements including the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"), the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) as well as legal, tax, environmental and any other statutory requirements for our various kinds of businesses in different jurisdictions.

People Risk

The Group's future development is materially affected by whether it can recruit, retain, develop and motivate competent and qualified staff at various levels. The shortage or loss of key personnel may harm the Group's existing operations and prospects.

Financial Risk

The Group is exposed to interest rate, credit, liquidity, currency and other price risks which arise in the normal course of the Group's businesses. The analysis of these risks is illustrated in the notes to the financial statements in detail.

Business Partner Risk

Some of the Group's businesses are conducted through non wholly-owned companies or joint ventures in which the Group shares control with other business partners. The relevant risks include that these business partners may not continue their relationships with the Group, take actions against the Group's interests, undergo a change of control or not fulfil their obligations under the joint ventures.

Information Security Risk

The Group's computer system and data are exposed to unauthorised access or damage caused by cyber threats, especially nowadays the worldwide cybercrime and malware attack happen more frequently. Failure in protecting the computer system and data of the Group may lead to loss or leakage of critical data or even disruptions of normal operations of the business.

Environmental and Social Compliance

Environmental Policies and Performances

The Group is dedicated to high standards of environmental protection. By minimising the impact to our community and conserving resources amongst employees and tenants, we are striving to improve our environmental performance continually. Since 2007, the Group has become a corporate member of WWF-Hong Kong, supporting the Non-Governmental Organisation's works on conservation and education. The Group adopts a holistic and proactive approach towards environmental management, undertaking stringent measures to ensure both new and existing developments comply with the regulatory requirements. We also work and communicate closely with our contractors to minimise generation of effluent and waste.

The Group is committed to conserving the environment and seeking continual improvement in environmental matters. To enhance environmental protection awareness at the workplace, we promote the use of electronic communication in our Hong Kong offices via the intranet system for documental approval and policy or news sharing, encourage our employees to switch off the lights, air conditioning and other unused office equipment when leaving the office, use recycled paper or double-sided for printing and copying. In addition, the establishment of the waste recycling systems and the participation in local recycling programmes for the major properties under our management has demonstrated the Group's dedication to enhance waste reduction and promote a sustainability mind-set.

Compliance with Laws and Regulations

As far as the Company is aware, there was no material breach of or non-compliance with applicable laws and regulations that has a significant impact on the businesses and operations of the Group during the financial year.

Review of Operations

Relationships with Stakeholders

The Group has an integrated human capital strategy to recruit, develop and motivate employees, making sure that employees are provided with competitive remuneration package, appropriate training and development opportunities and their performance goals are aligned with the Group's business objectives. The Group is committed to providing a work environment that is free from all forms of discrimination. As stated in the internal policies, the Group forbids all forms of discrimination on gender, religion, race, family status, disability and age at all time during recruitment, promotion, internal transfer and resignation. Management and staff at all levels are responsible to ensure all employees are working in compliance with the statutory requirements, arrange adequate resources to fulfil the safety requirements and carry out training and supervision. Furthermore, we have improved our internal communication through the intranet system to strengthen and enhance communication amongst staff.

The Group is also dedicated to providing high quality properties, products and services to meet our customers' needs and is striving to maintain good relationship and close communication with our business partners, banks, contractors and vendors so as to achieve this goal for our customers.

Additionally, communication with our stakeholders is particularly critical as the Group sets forth its sustainability framework. Therefore, we conduct stakeholder survey annually to further gauge their perspectives on the Group's environmental and social material issues. Based on the accumulated result of the annual survey, we have constructed a systematic materiality assessment as a bridge to better address various stakeholders' concerns. In consideration of the recent updates on the Environmental, Social and Governance Reporting Guide (the "ESG Reporting Guide") set out in Appendix 27 to the Listing Rules, the Group is dedicated to refining the framework of materiality assessment in order to reinforce the implementations on identifying and addressing material topics.

Apart from the Group's continuous efforts towards improvement in relationship with its stakeholders, the Group is also committed to delivering support to the needs of the community. The Company has been awarded as a "Caring Company" since 2009 in recognition of our achievement in corporate social responsibility. In 2019, we have donated to domestic charities and our employees have participated in a number of community activities.

Environmental, Social and Governance Reporting

In accordance with the requirement set out in the ESG Reporting Guide, a separate Environmental, Social and Governance Report will be published on the Company's website and the website of Hong Kong Exchanges and Clearing Limited. The report highlights the continual efforts of the Group in improving operations consisting of comprehensive environmental and social performance indicators, further demonstrating our dedication in building a sustainable future.

Human Resources

As of 31 December 2019, the Group had a total of 3,062 employees (2018: 858 employees), of which 2,836 were Hong Kong staff, 135 were Mainland China staff and 91 were staff in other regions. The increase in headcount was mainly to match business growth and due to the acquisition of Easy Living Consultant Limited as a subsidiary of the Company in August 2019 with 2,226 persons being added. During the year, total staff costs increased to HK\$410 million (2018: HK\$273 million). It was mainly due to an increase in headcount other than salary revisions. Salary levels of employees are competitive. Discretionary bonuses are granted based on the performance of the Group as well as the performance of individuals to attract, motivate and retain talented people.

The Group believes that the quality of its human resources is critical for it to maintain a strong competitive edge. The Group has conducted a range of training programmes through various institutions to strengthen employees' all-round skills and knowledge, aiming to well equip them to cope with its development in the ever-changing economy.

In addition, the Group established a recreation club and held an annual dinner and a Christmas party with lucky draws conducted for employees during the year to promote team spirit and loyalty and encourage communication between departments.

Financial Review

Financial resources and bank borrowings

Total bank borrowings of the Group amounting to HK\$10,960 million as at 31 December 2019 (31 December 2018: HK\$15,281 million), comprising of HK\$1,527 million repayable within one year and HK\$9,433 million repayable after one year. Taking into account of cash and cash equivalents with an amount of HK\$3,259 million, the Group's net bank borrowings position was HK\$7,701 million as at 31 December 2019. Loans from related companies amounted to HK\$3,972 million as at 31 December 2019.

The Group's gearing ratio (calculated on the basis of net bank borrowings and loans from related companies less amounts due from related companies over equity attributable to shareholders of the Company) was 41.3% as at 31 December 2019 (31 December 2018: 66.2%).

During the year, sales/presales for the property projects in Hong Kong contributed cash inflows of approximately HK\$6,698 million to the Group. Furthermore, the Group has recorded of approximately HK\$998 million cash inflows mainly from sales/presales of various development projects in Mainland China.

During the year, distributions of HK\$720 million were made by a wholly owned subsidiary of a related company to the Group in relation to the development project at La Marina.

The Group continued to actively engage in the development projects in Hong Kong and Mainland China and expended a total of approximately HK\$2,797 million for construction costs during the year.

All the Group's borrowings are arranged on a floating rate basis. The Group will closely monitor and manage its exposure to interest rate fluctuations and will consider engaging in relevant hedging arrangements when considered appropriate.

With the investments in Mainland China, the Group is exposed to exchange fluctuations in Renminbi ("RMB"). Using revenue and cash generated from the development projects in Mainland China and/or external borrowings in RMB, serves as a natural hedge against the exchange rate risk of RMB.

In respect of the Group's oil business in Kazakhstan, the Group is exposed to the exchange fluctuations in the Tenge ("KZT"), the local currency of Kazakhstan, because the majority of operating expenses and capital expenditure are denominated in KZT, while a significant portion of its revenue is denominated in United States dollars. As at 31 December 2019, the Group did not have any outstanding financial instruments entered into for hedging purposes. Nevertheless, the Group is closely monitoring its overall foreign exchange exposure and interest rate exposure and will adopt a proactive but prudent approach to minimise the relevant exposures when necessary.

With the financing facilities in place, recurrent rental income from investment properties, cash inflows from presale/sale of the Group's development projects and the financial support from a related company, the Group has sufficient financial resources to satisfy its commitments and future funding requirements.

Capital commitments

As at 31 December 2019, the Group had commitments mainly in connection with the Group's investment properties amounting to HK\$25 million.

Pledge of assets

As at 31 December 2019, properties having a value of HK\$15,168 million and bank deposits of HK\$15 million were pledged to financial institutions mainly to secure banking facilities extended to the Group.

Contingent liabilities

The Group has given several guarantees in respect of banking facilities granted to a joint venture in Mainland China. Guarantees have been provided to a joint venture amounting to HK\$569 million, representing a 50% proportional guarantee in respect of HK\$1,139 million term loan facilities. The facilities were not yet utilised as at 31 December 2019.

As at 31 December 2019, the Group had given guarantees to financial institutions in respect of performance bonds entered into by a subsidiary to the extent of HK\$55 million.

Profile of Directors

Board of Directors

Executive Directors

Mr OR Wai Sheun, aged 68, is the *Chairman* of the Company. He has been an *Executive Director* since January 2002 and is responsible for the development of corporate strategies, corporate planning and general management of the Company. Mr Or is also the chairman of Polytec Asset Holdings Limited, a separately listed subsidiary of the Company. He is the chairman of both New Explorer Developments Limited, the sole shareholder of Intellinsight Holdings Limited ("Intellinsight"), and Intellinsight, the substantial shareholder of the Company, and a director of certain subsidiaries of the Group. Mr Or has over 35 years of experience in property development, industrial and financial investment business in Hong Kong, Mainland China and Macau. Mr OR Pui Kwan, aged 41, has been an *Executive Director* of the Company since September 2005. He is responsible for the development of corporate strategies, corporate planning and day-to-day management of the Company. Mr Or joined the Company in May 2003 and is also a director of certain subsidiaries of the Group. He has attained solid working experience in various companies engaged in property development, securities investment, information technology, product research and development. Mr Or holds a Bachelor of Combined Science degree from the University College London. He has also obtained an Executive MBA degree from the Kellogg School of Management at Northwestern University and the School of Business and Management at the Hong Kong University of Science and Technology. He is the son of Mr Or Wai Sheun and Ms Ng Chi Man and the brother-in-law of Mr Lam Yung Hei.

Mr LAM Yung Hei, aged 40, has been an *Executive Director* of the Company since July 2016. He is responsible for the development of corporate strategies, corporate planning and day-to-day management of the Company, and overseeing construction management of the Group. Mr Lam is also a director of certain subsidiaries of the Group. He has over 15 years of experience in Hong Kong property development, merger and acquisition and information technology. Mr Lam holds a Master of Commerce (Information Systems and Management) degree and a Bachelor of Science (Computer Science) degree both from University of New South Wales, Sydney. He is the son-in-law of Mr Or Wai Sheun and Ms Ng Chi Man and the brother-in-law of Mr Or Pui Kwan.

Non-executive Directors

Ms NG Chi Man, aged 67, has been an *Executive Director* of the Company since January 2002 and re-designated as a *Non-executive Director* of the Company since April 2013. She is also a director of New Explorer Developments Limited, the sole shareholder of Intellinsight Holdings Limited ("Intellinsight"), Intellinsight, the substantial shareholder of the Company, and certain subsidiaries of the Group. Ms Ng has over 35 years of experience in property development, industrial and financial investment business in Hong Kong, Mainland China and Macau. She is the spouse of Mr Or Wai Sheun, the mother of Mr Or Pui Kwan and the mother-in-law of Mr Lam Yung Hei.

Mr YEUNG Kwok Kwong, aged 61, has been a *Non-executive Director* of the Company since January 2002. He is also the managing director of Polytec Asset Holdings Limited, a separately listed subsidiary of the Company, and a director of certain subsidiaries of the Group. Mr Yeung has over 35 years of experience in finance, accounting, financial and operational management and corporate planning. He is a fellow member of both the Hong Kong Institute of Certified Public Accountants and the Association of Chartered Certified Accountants.

Profile of Directors

Independent Non-executive Directors

Mr LI Kwok Sing, Aubrey, aged 70, has been an *Independent Non-executive Director* of the Company since January 2002. Mr Li is a director of IAM Family Office Limited (formerly known as IAM Holdings (Hong Kong) Limited), a Hong Kong based investment firm, and has over 40 years of experience in merchant banking and commercial banking. He is also a non-executive director of The Bank of East Asia, Limited (listed on the Stock Exchange of Hong Kong) and an independent non-executive director of Café de Coral Holdings Limited, Kunlun Energy Company Limited, Pokfulam Development Company Limited and Tai Ping Carpets International Limited (each of them is listed on the Stock Exchange of Hong Kong). Mr Li was an independent non-executive director of China Everbright International Limited, a company listed on the Stock Exchange of Hong Kong, from November 1998 to May 2017 as well. Mr Li holds a Master's degree in Business Administration from Columbia University and a Bachelor of Science degree in Civil Engineering from Brown University.

Mr LOK Kung Chin, Hardy, aged 70, has been an *Independent Non-executive Director* of the Company since January 2002. He is the managing director of The Sun Company, Limited and has over 40 years of experience in building and engineering construction work. Mr Lok graduated in Civil Engineering from the University of Manchester Institute of Science & Technology. He is a member of both the Institution of Civil Engineers and the Hong Kong Institution of Engineers, and a fellow member of the Hong Kong Institute of Construction Managers.

Mr SETO Gin Chung, John, aged 71, has been an *Independent Non-executive Director* of the Company since January 2002. Mr Seto is the chairman of the board of Hop Hing Group Holdings Limited ("Hop Hing Group") as well as an independent non-executive director of Hop Hing Group, MS Group Holdings Limited and Pokfulam Development Company Limited (all companies are listed on the Stock Exchange of Hong Kong). He was an independent non-executive director of China Everbright Limited, a company listed on the Stock Exchange of Hong Kong, from April 2003 to May 2018 and was a director of Pacific Eagle Asset Management Limited from January 2006 to December 2019. Mr Seto was a non-executive director of Hong Kong Exchanges and Clearing Limited from 2000 to 2003 and was the chief executive officer of HSBC Broking Services (Asia) Limited from 1982 to 2001. He was a council member of The Stock Exchange of Hong Kong Limited from 1994 to 2000 and was the first vice chairman from 1997 to 2000. Mr Seto holds a Master of Business Administration degree from New York University and has over 40 years of experience in the securities and futures industry.

Mr David John SHAW, aged 73, has been an *Independent Non-executive Director* of the Company since June 2007. Mr Shaw acted as adviser to the board of HSBC Holdings plc from June 1998 until September 2013; he retired from the HSBC Group in September 2015. He is also an independent non-executive director of Shui On Land Limited (listed on the Stock Exchange of Hong Kong). Mr Shaw is a solicitor, admitted in England and Wales and in Hong Kong. He was a partner of Norton Rose from 1973 to 1998 and during that period spent approximately 20 years working in Hong Kong. Mr Shaw obtained a law degree from Cambridge University.

Senior management of the Group is the Executive Directors of the Company.

Corporate Governance Report

Corporate Governance Practices

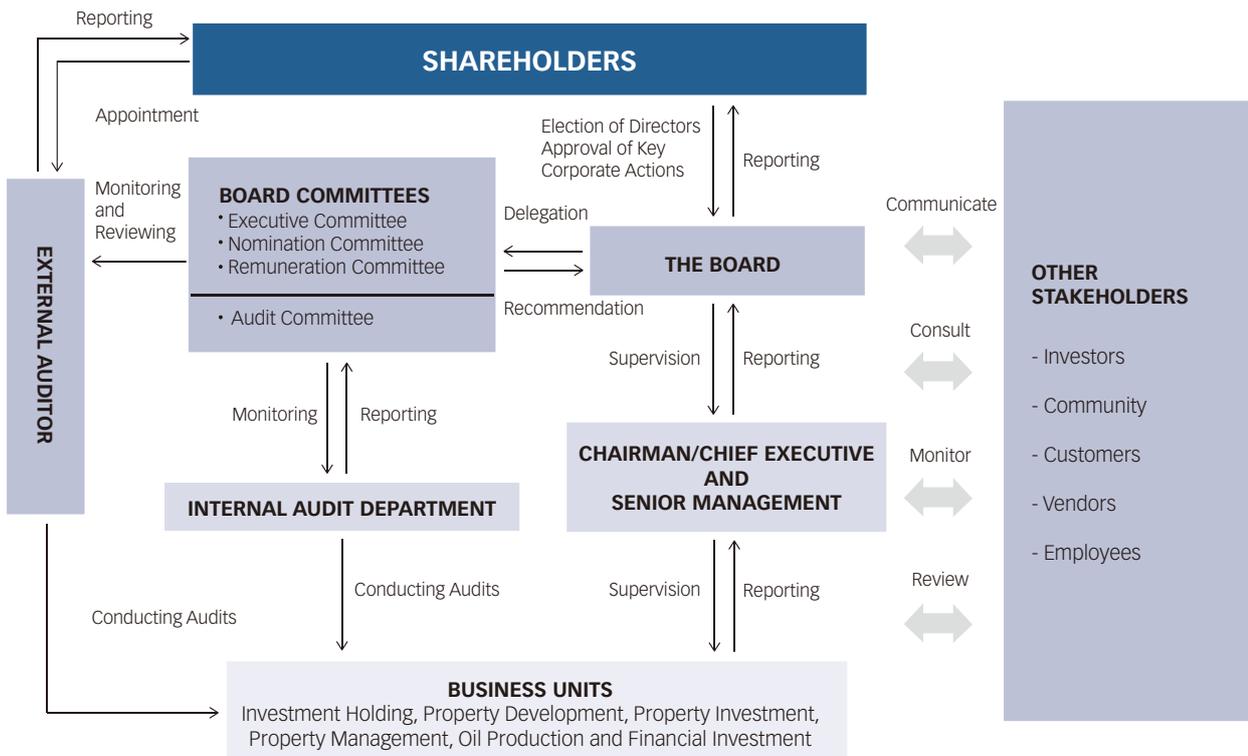

The Board of Directors of the Company (the “Board”) is accountable to the shareholders of the Company (the “Shareholder(s)”) for good corporate governance. Accordingly, the Board has considered carefully the requirements of the Corporate Governance Code (the “CG Code”) as set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) and, as described below, has taken actions to further enhance corporate transparency and accountability.

We believe good corporate governance is one of the critical factors for achieving sustainable long-term success. The corporate governance principles of the Company emphasise the importance of a quality Board and accountability to Shareholders. We will regularly review our corporate governance practices to ensure and maintain the long-term health of the Company.

Compliance with the CG Code

Throughout the year ended 31 December 2019, the Company has complied with all code provisions as set out in the CG Code (“Code Provision”), with the exception of Code Provision A.2.1 (which recommends the roles of the chairman and chief executive should be separate) as disclosed hereinafter under the section headed “Chairman of the Board and Chief Executive”.

Corporate Governance Structure

Board of Directors

As at 31 December 2019, the Board comprises ten members:

Executive Directors (ED)

Mr Or Wai Sheun (*Chairman*)
Mr Lai Ka Fai
Mr Or Pui Kwan*
Mr Lam Yung Hei*

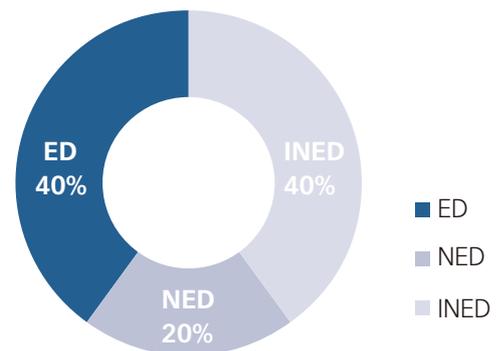

Non-executive Directors (NED)

Ms Ng Chi Man*
Mr Yeung Kwok Kwong

Independent Non-executive Directors (INED)

Mr Li Kwok Sing, Aubrey
Mr Lok Kung Chin, Hardy
Mr Seto Gin Chung, John
Mr David John Shaw

* Family members of Mr Or Wai Sheun

More than one-third of the Board comprises Independent Non-executive Directors. In accordance with the Listing Rules, every Independent Non-executive Director has provided an annual confirmation of his independence to the Company. The Company considers that they satisfy the independence requirements.

Biographical details of the Board members which include relationships among members of the Board are set out on pages 28 and 29 of the Annual Report.

The Board is governed by the Companies Ordinance (the "Companies Ordinance") (Chapter 622 of the Laws of Hong Kong), the Listing Rules and the Articles of Association of the Company. The role of the Board is to provide strong guidance and oversight to management in formulation of the overall strategic direction, monitor the performance of management, and assure the best interests of the Company are being served. The day-to-day operational duties of the Board are delegated to management to carry out but the Board takes ultimate responsibility.

Chairman of the Board and Chief Executive

Mr Or Wai Sheun has performed the combined role as the chairman of the Board and the chief executive taking charge of the overall operations of the Company and its subsidiaries (collectively, the "Group"). He is also responsible for leading the Board. Directors with different views are encouraged to voice their concerns. This combining of the roles enables the Company to make prompt and effective decisions. The Board will reassess the applicability of Code Provision A.2.1 if the existing approach cannot provide an optimal result given the particular structure of the Company.

Apart from the regular Board meetings, the Chairman held two meetings with the Independent Non-executive Directors without the presence of other Directors to discuss general matters of the Group during the year.

Selection, Appointment and Re-Election of Directors

The Board shall have power to appoint any person as a Director either to fill a vacancy or for expansion of the Board. The Company has a Nomination Committee for formulating Director Nomination Policy for consideration of the Board and making recommendations to the Board on the selection, appointment and re-appointment of Directors.

All Directors were provided with a letter of appointment setting out the key terms and conditions of their appointment.

In accordance with the Articles of Association of the Company, any Director newly appointed shall hold office only until the next following annual general meeting of the Company and shall be eligible for re-election. Other existing Directors, including Non-executive Directors, shall be elected for a term of not more than three years since last election or re-election. Retiring Directors shall be eligible for re-election at the annual general meeting of the Company.

The Company has also complied with the requirement of the CG Code on considering the independence of an Independent Non-executive Director who has served more than nine years for his further appointment. Mr Seto Gin Chung, John and Mr David John Shaw, who have served on the Board for more than nine years, were re-elected as Independent Non-executive Directors at the 2019 Annual General Meeting (the "2019 AGM") by passing separate resolutions at the 2019 AGM. The Board's views on Mr Seto's and Mr Shaw's independent status were set out in the 2019 AGM circular. The re-election of Mr Li Kwok Sing, Aubrey, Independent Non-executive Director, who has served on the Board for more than nine years will be considered by vote on a separate resolution in the forthcoming 2020 Annual General Meeting. Further information to be set out in the circular to the Shareholders on the reasons why the Board believes he is still independent and should be re-election.

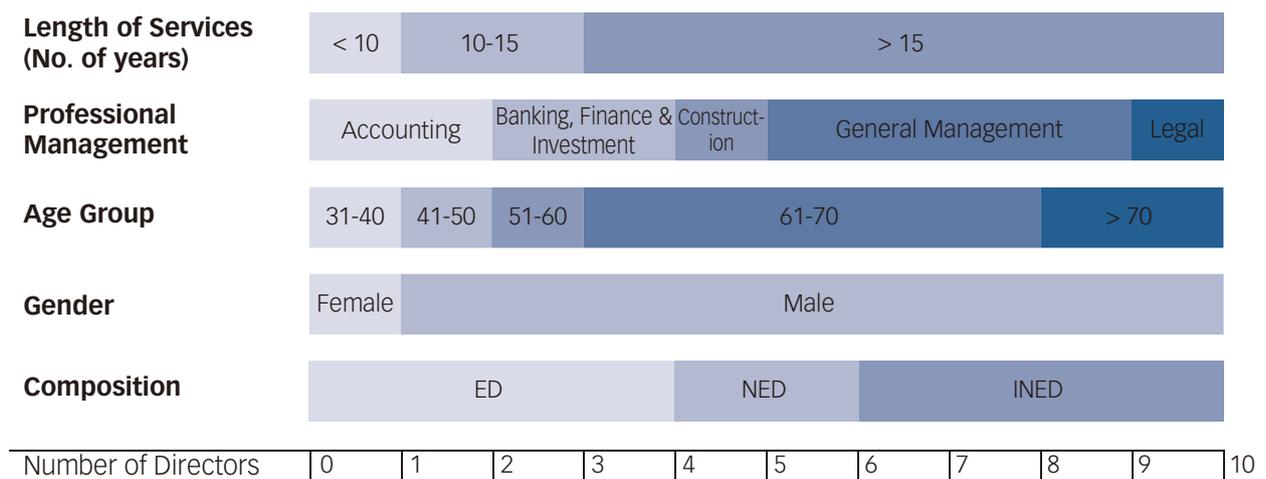

Board Diversity Policy

With a view to enhance the capability of decision making and effectiveness in dealing with organisational changes, the Company adopted a Board Diversity Policy which sets out the approach to achieve diversity.

The Company has considered the diversity of the Board members from a number of aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service of Directors and will consider these factors as measurable objectives when deciding on new appointments to the Board. The current Board is considered well-balanced and of a diverse mix appropriate for the development of the Company.

The Nomination Committee monitors the implementation of the Board Diversity Policy and the progress on achieving those measurable objectives and will review the Board Diversity Policy on a regular basis to ensure its continuing effectiveness.

The Board composition and diversity as at 31 December 2019 are as follows:

ED – Executive Directors

NED – Non-executive Directors

INED – Independent Non-executive Directors

Director Nomination Policy

The Board has adopted the Director Nomination Policy implemented by the Company's Nomination Committee. The Nomination Committee is responsible for selecting candidates for the Board and the Director Nomination Policy is to describe the process by which the Nomination Committee will select candidates for possible inclusion in the Company's recommended slate of director nominees. The Director Nomination Policy is applicable for all Directors of the Company.

When evaluating a person for nomination for election to the Board, the assessment parameters considered by the Nomination Committee, may include, but are not limited to:

- (a) the composition of the Board and its committees with due regard to the factors set out in the Board Diversity Policy;
- (b) the commitment of devoting sufficient time and attention to the Company's affairs;
- (c) the perceived needs and the extent to which the interplay within the Board for particular skill, background and business experience;
- (d) the reputation, character and integrity of the nominee;
- (e) nominees' background with regard to executive compensation; and
- (f) applicable regulatory and listing requirements, including independence requirements for Independent Non-executive Directors and legal considerations.

The Nomination Committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other Directors, members of management, the Company's advisors, and executive search firms. The Nomination Committee will also consider director candidates recommended by Shareholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources.

The nomination procedures for selecting suitable candidate by the Nomination Committee are set out as follows:

Nomination of New and Replacement Directors by the Nomination Committee

- (i) If the Nomination Committee determines that an additional or a replacement Director is required, the committee may take measures that it considers appropriate in connection with its identification and evaluation of a candidate.
- (ii) The Nomination Committee may propose such candidate to the Board for consideration based on the assessment parameters set out in the Director Nomination Policy and such other factors it considers appropriate. The Board has the final authority to determine if the candidate is suitable for appointment.

Nomination of Re-elected Directors by the Nomination Committee

Where a retiring Director, being eligible, offer himself/herself for re-election and nominated by the Nomination Committee, the Board shall consider, if appropriate, recommend such retiring Director for re-election at a general meeting. A circular containing the requisite information of such retiring Director will be sent to Shareholders prior to a general meeting in accordance with the Listing Rules.

Nomination of New Directors by Shareholders

The Company's website set out the procedures for Shareholders to propose a person for election as a Director. For any person that is nominated by a Shareholder, the Nomination Committee shall evaluate such candidate based on the assessment parameters set out in the Director Nomination Policy and make recommendation to the Board if appropriate. Recommendation shall then be made to Shareholders in a supplementary circular for the proposed election of such candidate at a general meeting.

The Director Nomination Policy is in place and has been updated to take into consideration the revised Listing Rules effective from 1 January 2019. No candidate was nominated for directorship in 2019.

Remuneration of Directors and Senior Management

The Board is ultimately responsible for the Company's Remuneration Policy. The Remuneration Committee has been delegated powers to recommend the remuneration policy and structure of all Directors and senior management whilst ensuring no Director is involved deciding his/her own remuneration.

In determining remuneration packages of Executive Directors and senior management, the Remuneration Committee is required to follow the Remuneration Policy of the Company that, among others, the remuneration should reflect performance and achievements with a view to attracting, motivating and retaining high performing individuals. The Non-executive Directors shall be entitled to receive directors' fees as shall from time to time be determined by the Company in general meeting or, if authorised by Shareholders, by the Board. The directors' fees for the year were determined after reviewing the pay levels of their peers in corporations of similar size and industry and having taken into account the prevailing market practice, workload, scale and complexity of the Company's business and the responsibility involved.

The emoluments of Directors and management for the year are set out in note 5 to the financial statements.

Operation of the Board

The Board is committed to ensuring appropriate corporate governance practices are in place. In ensuring proper ethical and responsible decision making, the Board has established a series of mechanisms for formal review of particular aspects of the Company's affairs. Important decisions, including those which may be expected to affect the long-term Shareholder interests, are made by the Board and applicable Board committees. Matters relating to remuneration of Directors and senior management, financial reporting, risk management and internal control are regularly reviewed by applicable Board committees (comprised of a substantial majority of independent Directors) which make recommendations to the Board.

The Board has formalised the matters reserved to the Board and has reviewed those arrangements periodically to ensure that they remain appropriate to the Company's needs.

The Board meets regularly. Four physical meetings were held during the year. Each Director was provided with the notice of meeting of not less than fourteen days and related Board papers and explanatory material for preview at least three days before the meeting. Draft minutes were sent out to Directors who were eligible to be counted in the quorum of a meeting for review prior to signing off by the Chairman. Copies of the signed minutes had been sent to all Directors for their records.

Directors have access to the Company Secretary and through him to such legal advice they may require. The Company Secretary keeps all the minutes of the Board and its committees meetings.

Board Committees

There are four Board committees. Each of them adopts formal terms of reference, which has included those specific duties in line with Code Provision D.3.1 (Executive Committee), Code Provision C.3.3 (Audit Committee), Code Provision A.5.2 (Nomination Committee) and Code Provision B.1.2 (Remuneration Committee) under the CG Code. The terms of reference of each Board committee is available from the websites of the Company (www.kdc.com.hk) and Hong Kong Exchanges and Clearing Limited (except the one for the Executive Committee) or the Company Secretary upon request.

Executive Committee

Members: Mr Or Wai Sheun (Chairman), Mr Lai Ka Fai, Mr Or Pui Kwan, Mr Lam Yung Hei and Mr Yeung Kwok Kwong

Meeting Schedule: Meetings were held frequently during 2019.

Major Responsibilities:

- exercise all the general powers of the Board, save and except for the matters reserved to the Board; and
- manage the Company's business and review corporate policies and strategies.

Works performed during the year:

- performed reviews of the Inside Information Policy and procedures;
- performed reviews of the risk management and internal control systems;
- reviewed and monitored the Company's policies on compliance with legal and regulatory requirements;
- reviewed the Company's compliance with the CG Code and the disclosure in this Corporate Governance Report; and
- performed reviews of the Environmental, Social and Governance Report.

Audit Committee

Members: Mr Li Kwok Sing, Aubrey[#] (Chairman), Mr Lok Kung Chin, Hardy[#], Mr Seto Gin Chung, John[#] and Mr Yeung Kwok Kwong

Three out of four Audit Committee members are Independent Non-executive Directors. The chairman of the committee possesses the relevant financial management expertise or experience.

Meeting Schedule: Three meetings were held and the committee members met the external auditor two times during 2019 in the absence of management.

Major Responsibilities:

- review, assess and make recommendations to the Board on financial reporting, auditing, risk management and internal control matters and discuss with the external auditor and management on issues arising from the annual audit and/or interim review of financial statements; and
- assist the Board in considering how it will apply the financial reporting, risk management and internal control principles and maintaining an appropriate relationship with the Company's external auditor.

Works performed during the year:

- performed reviews of the half yearly and annual results;
- performed reviews of financial and accounting policies and practices of the Group;
- performed reviews of the relationships with the external auditor, including remuneration, independence, objectivity, effectiveness of the audit process and non-audit services;
- performed reviews of the effectiveness of the risk management and internal control systems including risk management of investment activities, the internal audit plan and the adequacy of resources of the Internal Audit Department ("IAD"); and
- monitored the Whistleblowing Policy and system for employees and independent third parties who deal with the Company to raise concerns about any suspected impropriety, misconduct or malpractice within the Group.

Board Committees (Continued)

Nomination Committee

Members: Mr Or Wai Sheun (Chairman), Mr Lok Kung Chin, Hardy[#] and Mr David John Shaw[#]

Two out of three Nomination Committee members are Independent Non-executive Directors and the chairman of the committee is the Chairman of the Board.

Meeting Schedule: One meeting was held during 2019.

Major Responsibilities:

- review the composition of the Board, identify suitable Board members, assess the independence of Independent Non-executive Directors and make recommendations to the Board on appointments and re-appointments of Directors; and
- develop selection procedures for candidates and consider the suitability of a candidate by using various criteria including the perceived needs and the extent of interplay within the Board for particular skills, backgrounds and business experience; the nominee's reputation, character and integrity; the nominee's background with regard to executive compensation; and independence requirements and legal considerations.

Works performed during the year:

- performed reviews of the structure, size and composition of the Board;
- performed an assessment of the independence of Independent Non-executive Directors;
- performed review of the implementation of the Director Nomination Policy;
- performed review of the implementation of the Board Diversity Policy including the measureable objectives that has set for implementing the policy, and progress on achieving those objectives; and
- made recommendations to the Board on the re-appointment of Directors and succession planning for Directors.

Corporate Governance Report

Remuneration Committee

Members: Mr Seto Gin Chung, John[#] (Chairman), Mr Lai Ka Fai, Mr Li Kwok Sing, Aubrey[#] and Mr Lok Kung Chin, Hardy[#]

Three out of four Remuneration Committee members are Independent Non-executive Directors.

Meeting Schedule: Three meetings were held during 2019.

Major Responsibilities: – review, assess and make recommendations to the Board on the Remuneration Policy and structure for all Directors and senior management and make recommendations to the Board on the remuneration packages of individual Executive Directors and senior management.

Works performed during the year: – performed reviews of the Remuneration Policy, organisational structure and human resources deployment;
– performed an annual review of the remuneration of Executive Directors and senior management; and
– performed a review of the directors' fees proposal submitted by management.

[#] Independent Non-executive Director

Corporate Governance Functions

With the requirement on the CG Code in respect of the responsibilities for performing the corporate governance duties, the Board has delegated its following responsibilities to the Executive Committee:

- (i) develop and review the Company's policies and practices on corporate governance and make recommendations to the Board;
- (ii) review and monitor the training and continuous professional development of Directors and senior management;
- (iii) review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- (iv) develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and Directors; and
- (v) review the Company's compliance with the CG Code contained in Appendix 14 to the Listing Rules and disclosure in the Corporate Governance Report of the Company.

The corporate governance matters which were considered by the Executive Committee are set out in "Works performed during the year" on page 36 of this Corporate Governance Report.

Corporate Governance Report

Board Committees (Continued)

Time Commitment

The Board has regularly reviewed the contribution required from the Directors and is satisfied that all of them have committed sufficient time during 2019 for the fulfilment of their duties as Directors of the Company. The number of Board, Board committees and general meetings eligible for attendance and attended by each of the Directors during the year is set out below:

Board Members	Number of meetings attended/held in 2019				2019 AGM ^{##}
	Board Meetings	Audit Committee Meetings	Nomination Committee Meeting	Remuneration Committee Meetings	
<i>Executive Directors</i>					
Mr Or Wai Sheun (<i>Chairman</i>)	4/4	–	1/1	–	1/1
Mr Lai Ka Fai	4/4	–	–	3/3	1/1
Mr Or Pui Kwan*	4/4	–	–	–	1/1

Mr Lok Kung Chin, Hardy	4/4	3/3	1/1	3/3	1/1
Mr Seto Gin Chung, John	4/4	3/3	–	3/3	1/1
Mr David John Shaw	3/4	–	1/1	–	0/1 [#]
Total Meetings Held	4	3	1	3	1
Average Attendance Rate	97.5%	100%	100%	100%	90%

* Family members of Mr Or Wai Sheun

Mr David John Shaw was unable to attend the 2019 AGM as he was overseas at that time.

Representatives of the external auditor had attended the 2019 AGM.

During 2019, Independent Non-executive Directors had also played vital monitoring roles in corporate transactions including providing advice on formulating the approval procedures in the transactions that may constitute discloseable transaction under the Listing Rules and had enhanced the risk management function of the Company including with advice to identify the risk owner for each risk and review any change of risk ownership periodically.

The Board considers that Independent Non-executive Directors contributed significantly to the deliberations of the Board by virtue of independent judgement, expertise and experience.

Corporate Governance Report

Training and Support for Directors

The Company provides briefings and organises in-house training to develop and refresh the Directors' knowledge and skills on a regular basis. To ensure Directors' compliance with the Listing Rules and strengthen the Directors' awareness of good corporate governance, the Company continuously updates Directors on the latest developments of the Listing Rules and other applicable regulatory requirements by issuing circulars, guidance notes and reading materials to them. During the year, the Company had organised an in-house training programme for the Directors.

In addition, each newly appointed Director is provided with a necessary induction and information to ensure that he/she has a proper understanding of the Company's businesses and operations as well as his/her responsibilities under relevant laws, rules and regulations.

During the year 2019, the Directors participated in the following training as per their records provided to the Company:

Board Members	Attending in-house training and/or seminars and/or conferences and/or forums	Reading newspapers, journals, newsletters and updates relating to the economy, general business, real estate, corporate governance or director duties and responsibilities, etc.

Company Secretary's Training

For the year under review, the Company Secretary has complied with Rule 3.29 of the Listing Rules by taking no less than fifteen hours of relevant professional training to update his skills and knowledge.

Permitted Indemnity Provision

A permitted indemnity provision for the benefit of the Directors of the Company is provided by the Articles of Association of the Company and is currently in force and was in force throughout the year. The Company has arranged insurance cover in respect of legal action against its Directors. The insurance coverage is reviewed annually to ensure that the Directors and officers are adequately protected against potential liabilities.

Promote Ethical Decision Making

Each Director and employee is expected to adhere to high standard of ethical conduct and to be guided by two main principles: no insider dealing and avoid conflict of interests.

Securities Transactions of Directors and Relevant Employees

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") (Appendix 10 to the Listing Rules) as a code of conduct regarding directors' securities transactions. All Directors confirmed in writing that they have complied with the Model Code throughout the year. The Company has also established written guidelines on employees' securities transactions. Relevant employees are required to obtain written preclearance before initiating a securities transaction during the black-out period.

Act in the Best Interests of the Company

In connection with the actual or potential conflict of interests, each Director is required to disclose to the Board the existence of his/her financial interest and all material facts before a vote on the transaction. A Director having a material interest in the transaction shall not vote on that matter (or be counted in the quorum of that meeting) in accordance with the Company's Articles of Association. Each Director is also required to disclose to the Board if he/she has any business or interest in a business which competes with the business of the Company.

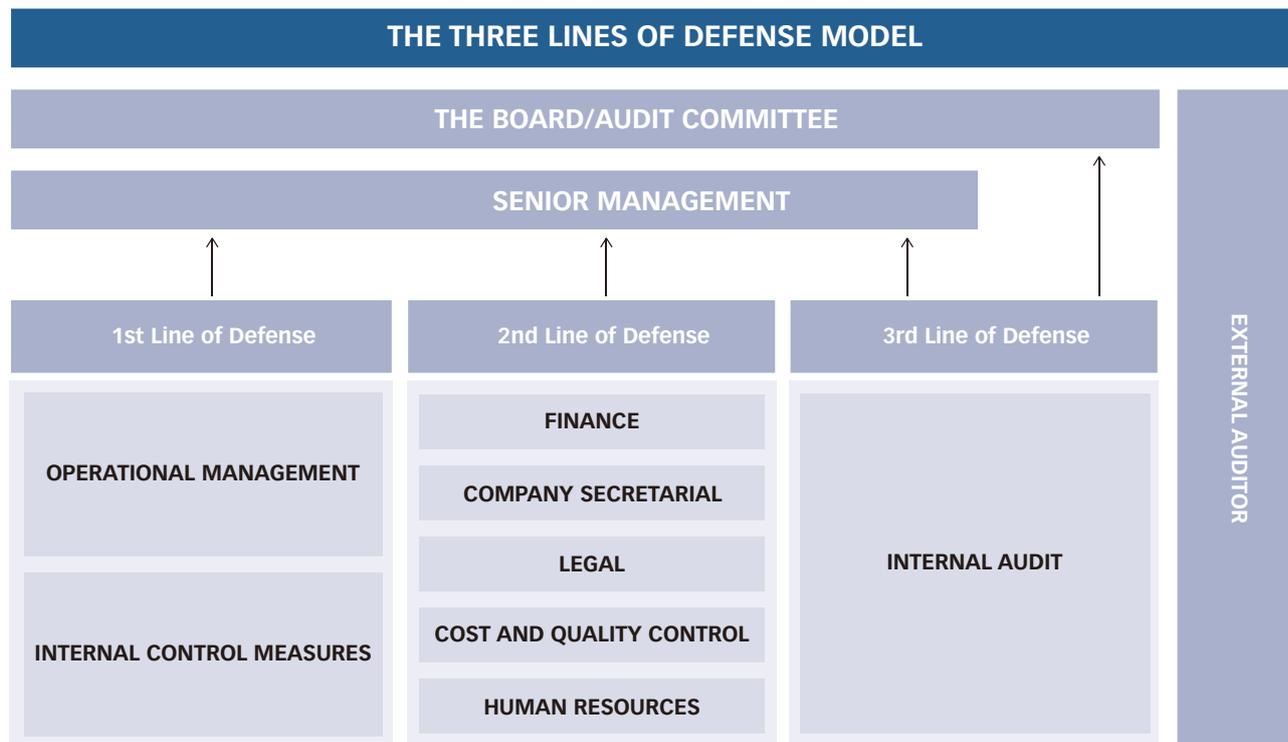

Accountability and Audit

The Board leads and maintains effective controls over the Group's activities, with executive responsibility for the running of the Group's business being delegated to management. Management provides all members of the Board with monthly updates in order to give a balanced and understandable assessment of the Group's performance, position and prospects to enable them to discharge their duties.

Risk Management and Internal Control

The Board acknowledges its responsibility to maintain the Group's risk management and internal control systems and review their effectiveness on an ongoing basis. The Board has delegated part of this responsibility to the Audit Committee.

The Group's risk management structure meets the best practice model known as "Three Lines of Defense Model" with the first line of defense being operational management and internal control measures, the second line of defense being finance, company secretarial, legal, cost and quality control and human resources functions, and the third line of defense being internal audit.

The Group's risk management and internal control systems are designed to provide reasonable, but not absolute, assurance against material misstatement or loss; to manage rather than completely eliminate the risks of failure in operational systems. The systems play a key role in the management of risks that are significant to the achievement of corporate objectives, ensuring good corporate practice, safeguarding the Shareholders' investments and the Group's assets. Emerging risks that may lead to significant negative impacts are identified and monitored on an ongoing basis. The systems comprise the Group's policies and procedures, and standards to ensure effective management, including well-defined organisational structure with specified authority limits and areas of responsibility, basis for review of financial performance, application of financial reporting standards, maintenance of proper accounting records, assurance of reliable financial information, and compliance with relevant laws and regulations.

Each of the Board and management has a responsibility to identify and analyse the risks underlying the achievement of business objectives, and to determine how such risks should be managed and mitigated. Supported by the Audit Committee, review of the effectiveness of the risk management and internal control systems is conducted annually. The review assesses all material controls, including financial, operational and compliance controls. The assessment considers the changes in nature and extent of significant risks since the previous review and the Group's ability to respond to changes in its business and the external environment. It covers the regular reports provided by management on significant issues identified during their daily operation, together with the action plans to resolve material internal control defects, if any. Internal and external auditors also report directly to the Audit Committee regularly on any risks and control issues identified in the course of their audits.

Corporate Governance Report

Accountability and Audit (Continued)

Risk Management and Internal Control (Continued)

The Board believes that the quality of corporate governance is influenced by the corporate culture. Therefore, the Group is determined to foster and maintain high standards of professional conduct and business ethics. The code of conduct, which is posted on the Group's intranet, had been provided to all employees to inform them of the Group's expectations and put them under special obligations in maintaining the highest standard of honesty and trustworthiness in their jobs. The Whistleblowing Policy, which is posted on the Company's website and the Group's intranet, has established an effective channel allowing employees and other stakeholders to communicate their concerns and findings to management. The Group aims to build risk awareness and control responsibility into the corporate culture and regards them as part of the risk management and internal control systems. In addition, the Group has applied relevant controls on handling of inside information by relevant employees, including controls over the dissemination of such information and their dealings in the Group's shares.

Internal Audit

The IAD reports to the Chairman and the Audit Committee and the IAD is responsible for assessing the effectiveness of the systems of risk management and internal controls of all major projects and activities of the Group with the aim to control and mitigate risks, and ensure operational effectiveness and efficiency.

The IAD adopts a risk-based approach in conducting internal reviews, including financial, operational, compliance and risk management control functions, and monitors the operational compliance with the Group's policies and procedures. The internal audit plan and reporting documents of the Group for the year ended 31 December 2019 were prepared by the IAD, and issued to the Audit Committee for review. The IAD monitors the issues raised to ensure they are addressed and managed properly by management.

During the year, the Audit Committee had three meetings with the senior members of the IAD to discuss the role, objectives, scope and job progress of internal audit functions as well as risk management and internal control issues.

The Board, through the Audit Committee and the IAD, reviewed the adequacy of resources, qualifications and experience of staff of the Group's accounting, internal audit and financial reporting function, and their training programmes and budget at the Board meeting held in March 2020. Based on the results of the review for the year ended 31 December 2019, the Board considered that the risk management and internal control systems were effective and adequate.

Financial Reporting

The Directors acknowledge their responsibilities for keeping proper accounting records and preparing financial statements for each financial year/period which give a true and fair view of the state of affairs of the Group as at the end of the financial year/period and of the profit and loss for the year/period. In preparing the financial statements, the Directors have adopted all applicable Hong Kong Financial Reporting Standards in all material respects, selected appropriate accounting policies and then applied them consistently, made judgements and estimates that are fair and reasonable. The Directors use the going concern basis in preparing the financial statements unless this is inappropriate.

The Company recognises that a clear, balanced and timely presentation of financial report is crucial in maintaining the confidence of stakeholders. Reasonable disclosure of the Company's financial position and prospects are provided in the report. Annual and interim results are published within three and two months after the end of the relevant financial year/period respectively.

A statement of the Company's external auditor about their reporting responsibilities is included in the Independent Auditor's Report on pages 57 to 63 of the Annual Report.

Corporate Governance Report

Inside Information

In view of the requirements under Part XIVA of the Securities and Futures Ordinance (“SFO”) (Chapter 571 of the Laws of Hong Kong) and the Listing Rules, the Company developed the Inside Information Policy and guidelines on reporting and disseminating inside information, maintaining confidentiality and complying with dealing instruction are in place for employees to follow. The Inside Information Policy (for all staff) has been communicated to the staff through the Group’s intranet. Senior officers of the Group have been identified and authorised to handle and respond the external enquiries in relation to the published announcement(s). The systems and procedures on publication and handling of inside information are monitored and reviewed on a regular basis.

External Auditor

External auditor performed some non-audit services during the year. A breakdown of their remuneration is set out below:

	2019 HK\$’000
Audit services	5,271
Non-audit services:	
Tax and business advisory services	298
Others	1,085

During the year, the Audit Committee met the external auditor two times, in the absence of management, to discuss matters about their independence to ensure they performed their work objectively, and any issues arising from the audit. The external auditor have confirmed in writing their independence.

Shareholder Relations**Communication with Shareholders**

The Board has established a Shareholders Communication Policy and is dedicated to maintaining an on-going dialogue with Shareholders and the investment community. The policy is subject to review regularly to ensure its effectiveness. It aims to ensure the Shareholders and the investment community are provided with ready and timely access to all publicly available information about the Company so as to enable the Shareholders to exercise their rights in an informed manner and to allow the Shareholders and investment community to engage actively with the Company. Information is communicated to them mainly through the Company’s financial reports (interim and annual reports), annual general meeting and other general meeting(s) (if any), as well as disclosure on the websites of Hong Kong Exchanges and Clearing Limited and the Company. The Company has also taken its own initiative to disclose the inside information to comply with the latest statutory requirements under Part XIVA of the SFO and the voluntary information/business update in a timely manner.

The Company’s website (www.kdc.com.hk) serves as a communication tool, in which the Company’s announcements, circulars to Shareholders, notices of general meetings and financial reports are posted on the “Investor Relations” section. Corporate profile and development of corporate governance of the Company are also provided on the Company’s website. Information on the website of the Company is updated on a regular basis.

Shareholders can direct their questions about their shareholdings to the Company’s share registrar. They can request for publicly available information of the Company from the Company Secretary.

The Company recognises the importance of Shareholders’ privacy and will not disclose the Shareholders’ information without their consent unless required by law to do so.

Shareholder Relations (Continued)

Annual General Meeting (“AGM”)

The general meeting of the Company provides a forum for effective communication with Shareholders. Total voting rights of Shareholders present at the AGM personally or by proxy in the last five years are as follows:

	Year of the AGM				
	2015	2016	2017	2018	2019
Total voting rights present at the AGM					
No. of shares represented	881,297,458	879,159,119	863,857,965	867,040,285	859,679,150
Percentage of shares represented	76.59%	76.40%	75.07%	73.69%	73.06%
No. of issued shares as at the date of the AGM	1,150,681,275	1,150,681,275	1,150,681,275	1,176,631,296	1,176,631,296

The Chairman takes the general meeting as an opportunity to open a dialogue with Shareholders and to elaborate on the outlook of the Group and its business strategies. The chairmen of the Board and its committees or, if he/they cannot present, fellow Directors are available to answer questions at the general meetings.

During the year, the Board met and communicated with Shareholders at the 2019 AGM and the notice of which was distributed to all Shareholders not less than twenty clear business days before the meeting. At the meeting, the Chairman demanded for a poll and the Company’s share registrar was appointed as scrutineer for the vote taking. The external auditor had also attended the 2019 AGM to answer questions about the conduct of the audit, the preparation and content of the auditor’s report and auditor independence.

The 2019 AGM was held at U Banquet, 6th Floor, Pioneer Centre, 750 Nathan Road, Kowloon, Hong Kong on 5 June 2019. Resolutions proposed at the meeting and the percentage of votes cast in favour of the resolutions are set out below:

- to receive and consider the audited financial statements together with the reports of the Directors and auditor thereon for the year ended 31 December 2018 (100%);
- to declare a final dividend for the year ended 31 December 2018 (100%);
- to re-elect Mr Or Wai Sheun, Mr Seto Gin Chung, John and Mr David John Shaw as Directors and to authorise the Board to fix the directors’ remuneration (99.528%, 99.982%, 100% and 99.999% respectively);
- to re-appoint KPMG as auditor and authorise the Board to fix the auditor’s remuneration (99.936%);
- to grant a general mandate to the Directors to allot, issue and deal with additional shares not exceeding 20% of the total number of the issued shares of the Company (97.306%);
- to grant a general mandate to the Directors to repurchase shares not exceeding 10% of the total number of the issued shares of the Company (100%); and
- to extend the general mandate to the Directors to issue new shares by adding the number of the shares repurchased (97.492%).

Corporate Governance Report

Dividend Policy

The Company is committed to striving for balance between increasing the value of dividends per share and retaining the competitiveness for its future business expansion. The Company's Dividend Policy aims to set out the principles and guidelines that the Company intends to apply in relation to the declaration, payment or distribution of its profits as dividends to the Shareholders provided that there are distributable profits and the normal operations of the Group are not affected.

Principles and guidelines of the Company's Dividend Policy are set out below:

1. The Board has the discretion to declare and distribute dividends to the Shareholders by way of cash or scrip or by other means that the Board considers appropriate.
2. When considering the declaration and payment of dividends, the Board shall take into account a number of factors, including but not limited to:
 - (a) actual and expected financial performance of the Group;
 - (b) retained earnings and distributable reserves of the Group;
 - (c) expected working capital requirements, capital expenditure requirements, liquidity position and future business strategies of the Group;
 - (d) general economic conditions and other factors that may have an impact on the business or financial performance and position of the Group;
 - (e) the Shareholders' interests; and
 - (f) any other factors that the Board may consider relevant.
3. The Company does not have any pre-determined dividend payout ratio.
4. The declaration and payment of dividends by the Company will be subject to all applicable laws, rules and regulations and the Articles of Association of the Company.
5. Any final dividend will also be subject to the Shareholders' approval.

Shareholders' Rights

Procedures for Shareholders to propose a person for election as a Director

If a Shareholder, who is duly qualified to attend and vote at the general meeting convened to deal with the appointment or election of Director(s), intends to propose a person for election as a Director of the Company, the Shareholder concerned shall lodge a written notice at the Company's registered office for the attention of the Company Secretary stating (i) his/her intention to propose such person for election as a Director; and (ii) the biographical details of the nominated candidate. Such written notice should be signed by the Shareholder concerned and the person who has been proposed indicating his/her willingness to be elected. The period for lodgement shall commence no earlier than the day after the dispatch of the notice of general meeting appointed for such election of Director(s) and end no later than seven days prior to the date of such meeting. Detailed procedures can be found on the Company's website.

Shareholders' Rights (Continued)

Procedures for Shareholders to convene an extraordinary general meeting ("EGM")

- Shareholders holding not less than one-twentieth (1/20) of the paid-up capital of the Company can deposit a written requisition to convene an EGM at the registered office of the Company for the attention of the Company Secretary.
- The written requisition must state the objects of the meeting, signed by the relevant Shareholders making the request and may consist of several documents in like form, each signed by one or more of the relevant Shareholders.
- The requisition will be verified by the Company's share registrar and upon their confirmation that the requisition is in order, the Company Secretary will arrange the Board to convene an EGM by serving sufficient notice in accordance with the statutory requirements to all the registered Shareholders.
- If the requisition is verified to be not in order, the relevant Shareholders will be advised of the result and accordingly, an EGM will not be convened as requested.
- If the Board does not within twenty-one days from the date of the deposit of the requisition proceed to convene an EGM for a day not more than twenty-eight days after the date on which the notice convening the EGM is given, the relevant Shareholders, or any of them representing more than one-half of the total voting rights of all of them, may themselves convene an EGM, but any meeting so convened shall not be held after the expiration of three months from the date of the deposit of the requisition.

Procedures for Shareholders to put forward proposals at general meetings

- Shareholders may propose resolution at general meetings by submitting a written requisition. The number of Shareholders shall be (i) not less than one-fortieth (1/40) of the total voting rights of all members or (ii) not less than fifty Shareholders holding shares in the Company on which there has been paid up an average sum, per member, of not less than HK\$2,000.
- The written requisition must state the proposed resolution, along with a statement of not more than one thousand words with respect to the matter referred to in the resolution or the business to be dealt with at the general meeting. It must also be signed by the relevant Shareholders and deposited at the Company's registered office for the attention of the Company Secretary not less than six weeks before the meeting in the case of a requisition requiring notice of a resolution and not less than one week in the case of any other requisition.
- The requisition will be verified by the Company's share registrar and upon their confirmation that the requisition is in order, the Company will give notice of the resolution or circulate the statement provided that the relevant Shareholders have deposited a sum reasonably sufficient to meet the Company's expenses in regard thereto.
- If the requisition is verified to be not in order or the relevant Shareholders have failed to deposit sufficient money to meet the Company's expenses for the said purpose, the relevant Shareholders will be advised of the result and accordingly, no action will be taken by the Company in that regard.

Procedures for Shareholders to send enquiries to the Board

Shareholders may make enquiries or direct concerns to the Board in writing by addressing to the Company Secretary by mail at 23rd Floor, Pioneer Centre, 750 Nathan Road, Kowloon, Hong Kong or by email to enquiry@kdc.com.hk.

Constitutional Documents

There was no change to the Company's Articles of Association during the financial year.

Report of the Directors

The Directors have pleasure in submitting their annual report together with the audited financial statements for the year ended 31 December 2019.

Principal Place of Business

The Company is incorporated and domiciled in Hong Kong and has its registered office and principal place of business at 23rd Floor, Pioneer Centre, 750 Nathan Road, Kowloon, Hong Kong.

Principal Activities and Business Review

The principal activities of the Company are property investment and investment holding. Its subsidiaries are principally engaged in investment holding, property development, property investment, property management, oil production and financial investment. The principal activities and particulars of its principal subsidiaries are set out in note 29 to the financial statements.

Further discussion and analysis of the above activities as required by Schedule 5 to the Companies Ordinance (the "Companies Ordinance") (Chapter 622 of the Laws of Hong Kong), including a fair review of the Group's business, a discussion of the principal risks and uncertainties facing the Group, particulars of important events affecting the Group that have occurred since the end of the financial year 2019, and an indication of likely future development in the Group's business, can be found in the "Five-Year Financial Summary", "Chairman's Statement", "Review of Operations", "Financial Review" and "Corporate Governance Report" sections of the Annual Report. The aforesaid sections form part of this report.

Dividends

An interim dividend of HK\$0.24 (2018: HK\$0.22) per share was paid on 11 December 2019. The Directors now recommend that a final dividend of HK\$0.54 (2018: HK\$0.50) per share be paid in respect of the year ended 31 December 2019.

Share Capital

Movements in share capital during the year are set out in note 24(b) to the financial statements.

Purchase, Sale or Redemption of the Company's Listed Securities

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any listed securities of the Company during the year ended 31 December 2019.

Reserves

Movements in reserves during the year are set out in the Consolidated Statement of Changes in Equity.

Report of the Directors

Oil Reserves

Except for the production during the year under review, there is no material change in the oil reserves of the Group.

Bank Loans and Other Borrowings

Particulars of bank loans and other borrowings of the Group as at 31 December 2019 are set out in notes 22 and 23 to the financial statements.

Finance Costs Capitalised

The amount of finance costs capitalised by the Group during the year is set out in note 4(b) to the financial statements.

Donations

Charitable donations made by the Group during the year amounted to HK\$1,041,000 (2018: HK\$1,267,000).

Properties

Particulars of major properties and property interests of the Group are shown on pages 144 to 148 of the Annual Report.

Five-Year Financial Summary

A summary of the results and of the assets and liabilities of the Group for the last five financial years is set out on pages 6 and 7 of the Annual Report.

Management Contracts

Save for the directors' service contracts, no other contracts concerning the management and administration of the whole or any substantial part of any business of the Company were entered into or subsisted during the year.

Major Customers and Suppliers

Particulars of major customers and suppliers of the Group during the year ended 31 December 2019 are set out in note 3(d) to the financial statements.

Report of the Directors

Directors

The Directors during the year and up to the date of this report are:

Mr Or Wai Sheun, *Chairman and Executive Director*
Mr Lai Ka Fai, *Executive Director*
Mr Or Pui Kwan, *Executive Director*
Mr Lam Yung Hei, *Executive Director*
Ms Ng Chi Man, *Non-executive Director*
Mr Yeung Kwok Kwong, *Non-executive Director*
Mr Li Kwok Sing, *Aubrey, Independent Non-executive Director*
Mr Lok Kung Chin, *Hardy, Independent Non-executive Director*
Mr Seto Gin Chung, *John, Independent Non-executive Director*
Mr David John Shaw, *Independent Non-executive Director*

In accordance with Article 105 of the Articles of Association of the Company, Mr Lai Ka Fai, Mr Lam Yung Hei, Ms Ng Chi Man and Mr Li Kwok Sing, *Aubrey* will retire at the forthcoming Annual General Meeting and, being eligible, offer themselves for re-election.

Particulars of the Directors' emoluments, disclosed pursuant to Section 383 of the Companies Ordinance and Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"), are set out in note 5(a) to the financial statements.

Brief biographical particulars of all Directors are given on pages 28 and 29 of the Annual Report.

Directors of Subsidiaries

The list of directors who have served on the boards of the subsidiaries of the Company during the year and up to the date of this report is available on the Company's website at www.kdc.com.hk.

Director's Service Contracts

None of the Directors seeking re-election at the forthcoming Annual General Meeting has a service contract with any member of the Group which is not terminable by the Group within one year without payment of compensation (other than statutory compensation).

Report of the Directors

Directors' Interests and Short Positions

As at 31 December 2019, the interests of the Directors in the shares of the Company and Polytec Asset Holdings Limited ("Polytec Asset") as recorded in the register required to be kept under Section 352 of the Securities and Futures Ordinance ("SFO") (Chapter 571 of the Laws of Hong Kong), or as otherwise notified to the Company and The Stock Exchange of Hong Kong Limited (the "Stock Exchange") pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code"), are set out below:

1. Long positions in the shares of the Company

Notes:

- (1) The percentage of shareholding is calculated based on 1,176,631,296 shares, being the total number of issued ordinary shares of the Company as at 31 December 2019.
- (2) Such interest in shares is held by Intellinsight Holdings Limited ("Intellinsight"), a wholly-owned subsidiary of New Explorer Developments Limited which is wholly-owned by Mr Or Wai Sheun.
- (3) Such interest in shares is owned by discretionary trusts of which Mr Lok Kung Chin, Hardy is the founder and a beneficiary respectively.
- (4) Such interest in shares is held by the deceased spouse of Mr David John Shaw and the shares form part of her estate.
- (5) The percentage of shareholding is calculated based on 4,438,967,838 shares, being the total number of issued ordinary shares of Polytec Asset as at 31 December 2019. Polytec Asset is an associated corporation of the Company.
- (6) Such interest in shares of Polytec Asset is held by Marble King International Limited, a wholly-owned subsidiary of the Company. By virtue of the interest in the shares of the Company as described in note (2) above, Mr Or Wai Sheun is taken to be interested in the shares of Polytec Asset.
- (7) Such interest in shares of Polytec Asset is held by the spouse of Mr Lam Yung Hei.

Report of the Directors

Directors' Interests and Short Positions (Continued)

Save as disclosed above, as at 31 December 2019, none of the Directors or the chief executives of the Company had any interests or short positions in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the SFO) which would have to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they were taken or deemed to have under such provisions of the SFO), or which were recorded in the register required to be kept by the Company under Section 352 of the SFO or which were required, pursuant to the Model Code, to be notified to the Company and the Stock Exchange.

Substantial Shareholder's Interest

As at 31 December 2019, the shareholder (other than Directors and the chief executives of the Company) who had interest or short position in the shares of the Company as recorded in the register required to be kept by the Company under Section 336 of the SFO is set out below:

Name	Nature of interest	Number of ordinary shares	Percentage of shareholding (Note 1)	Note
New Explorer Developments Limited	Corporate	831,047,624	70.63%	2

Notes:

- (1) The percentage of shareholding is calculated based on 1,176,631,296 shares, being the total number of issued ordinary shares of the Company as at 31 December 2019.
- (2) Such interest in shares is held by Intellinsight as described in note (2) under the section headed "Directors' Interests and Short Positions".

The interest disclosed above represents long position in the shares of the Company.

Save as disclosed above, as at 31 December 2019, the Company had not been notified by any persons (other than the Directors or the chief executives of the Company) who had any interests or short positions in the shares or underlying shares of the Company which would fall to be disclosed to the Company and the Stock Exchange under the provisions of Divisions 2 and 3 of Part XV of the SFO, or which were recorded in the register required to be kept by the Company under Section 336 of the SFO.

Directors' Interests in Transactions, Arrangements or Contracts and Connected Transactions

On 22 June 2018, a direct wholly-owned subsidiary of Polytec Asset (the then 73.4%-owned subsidiary of the Company and currently the 70.8%-owned subsidiary of the Company) entered into a sale and purchase agreement (the "Agreement") with Polytec Holdings International Limited ("Polytec Holdings", the then ultimate controlling shareholder and currently a related company of the Group) pursuant to which the Polytec Asset group has conditionally agreed to acquire 60% equity interest together with 60% sale loan of the company holding the property development project in Zhuhai (the "Zhuhai Project"), which covers a total site area of approximately 43,656 sq m, for a consideration of HK\$644,378,000 from Polytec Holdings (the "Acquisition").

Report of the Directors

As announced on 6 January 2020, one of the conditions precedent to the Agreement relating to the obtaining of the relevant approval of the People's Republic of China Government regarding the change in use of the northern part of the Zhuhai Project from industrial use to commercial use was not satisfied by the long-stop date of 31 December 2019. Polytec Asset decided not to proceed with the Acquisition from Polytec Holdings and the termination notice in writing was served to Polytec Holdings on 6 January 2020.

Save as disclosed above and the sections headed "Interests in property development" and "Material related party transactions" as set out in notes 14 and 31 to the financial statements, none of the Directors of the Company was materially interested in any transaction, arrangement or contract entered into by the Company, its subsidiaries or holding companies or its fellow subsidiaries which transaction, arrangement or contract subsisted at the end of the year or at any time during the year and which was significant in relation to the business of the Company and its subsidiaries.

Permitted Indemnity Provision

A permitted indemnity provision (as defined in Section 469 of the Companies Ordinance) for the benefit of the Directors of the Company is currently in force and was in force throughout the year. Details of the Company's permitted indemnity provision are set out in the Corporate Governance Report of the Annual Report.

Changes in Information of Directors

Save for the Directors' emoluments which set out in note 5(a) to the financial statements, there is no other information required to be disclosed pursuant to Rule 13.51B(1) of the Listing Rules.

Disclosure Pursuant to Rule 13.21 of the Listing Rules

During the year ended 31 December 2019, the Company had no disclosure obligation pursuant to Rule 13.21 of the Listing Rules.

Retirement Schemes

Particulars of the retirement schemes operated by the Group are set out in note 30 to the financial statements.

Arrangement to Purchase Shares and Debentures

At no time during the year was the Company or any of its subsidiaries a party to any arrangements which enabled any Directors of the Company to acquire benefits by means of acquisition of shares in, or debenture of, the Company or any other body corporate.

Corporate Governance

Principal corporate governance practices of the Company are set out in the Corporate Governance Report on pages 30 to 48 of the Annual Report.

Report of the Directors

Review of Financial Statements

The Audit Committee has reviewed the Group's consolidated financial statements for the year ended 31 December 2019, including the accounting principles and practices adopted by the Group, in conjunction with the Company's independent auditor.

Public Float

Based on information that is publicly available to the Company and within the knowledge of the Directors, the Company has maintained the prescribed public float under the Listing Rules as at the date of this report.

Closure of Register of Members

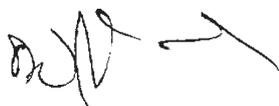

For the purpose of determining shareholders' eligibility to attend and vote at the 2020 Annual General Meeting, the Register of Members of the Company will be closed from Friday, 5 June 2020 to Wednesday, 10 June 2020, both dates inclusive. During the aforementioned period, no transfer of shares will be registered. In order to be eligible to attend and vote at the 2020 Annual General Meeting, all transfer forms accompanied by the relevant share certificates must be lodged with the Company's share registrar, Computershare Hong Kong Investor Services Limited, for registration not later than 4:30 pm (Hong Kong time) on Thursday, 4 June 2020.

For the purpose of determining shareholders' entitlement to the proposed final dividend, the Register of Members of the Company will be closed from Wednesday, 17 June 2020 to Thursday, 18 June 2020, both dates inclusive. During the aforementioned period, no transfer of shares will be registered. In order to qualify for the proposed final dividend, all transfer forms accompanied by the relevant share certificates must be lodged with the Company's share registrar, Computershare Hong Kong Investor Services Limited, for registration not later than 4:30 pm (Hong Kong time) on Tuesday, 16 June 2020.

Auditor

The Group's consolidated financial statements for the year ended 31 December 2019 have been audited by KPMG, Certified Public Accountants, who retire and, being eligible, offer themselves for re-appointment. A resolution for the re-appointment of KPMG as auditor of the Company is to be proposed at the forthcoming Annual General Meeting.

By Order of the Board

Or Wai Sheun
Chairman

Hong Kong, 25 March 2020

Independent Auditor's Report

Independent auditor's report to the shareholders of Kowloon Development Company Limited

(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the consolidated financial statements of Kowloon Development Company Limited ("the Company") and its subsidiaries (together "the Group") set out on pages 64 to 143, which comprise the consolidated statement of financial position as at 31 December 2019, the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2019 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* ("the Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters (Continued)

Assessing the net realisable value of properties under development for sale and properties held for sale in Mainland China owned by the Group, joint ventures and associated companies

Refer to accounting policies 1(l)(ii) and (l)(iii) and notes 2(d), 15, 16 and 18 to the consolidated financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>As at 31 December 2019, the Group held a number of residential and commercial property development projects located in cities across Mainland China.</p> <p>In addition, the Group has interests in residential and commercial property development projects in Mainland China through joint ventures and associated companies, which are equity accounted for in the consolidated financial statements.</p> <p>A significant component of the carrying values of the interests in joint ventures and associated companies is the carrying value of the underlying property development projects owned by these investees.</p> <p>Properties under development for sale and properties held for sale are stated at the lower of cost and net realisable value. The determination of the net realisable value of these properties requires significant management estimation and judgement, particularly in determining expected future selling prices, costs to completion and the costs necessary to complete the sale of these properties.</p> <p>We identified the assessment of net realisable value of properties under development for sale and properties held for sale in Mainland China held by the Group and its joint ventures and associated companies as a key audit matter because of the significance of these properties to the Group's total assets and because the assessment of net realisable value is inherently subjective and requires significant management judgement and estimation in relation to estimating future construction costs and the future selling prices for each property development project, particularly in light of the current economic circumstances in Mainland China whereby local governments are imposing conditions or restrictions on the purchase of residential properties.</p>	<p>Our audit procedures to assess the net realisable value of properties under development for sale and properties held for sale in Mainland China included the following:</p> <ul style="list-style-type: none"> • obtaining and inspecting management's valuations on which management's assessment of the net realisable value of the properties was based; • discussing with management their valuation methodology and challenging key estimates and assumptions adopted in the valuations, including expected future selling prices and costs to completion, by comparing these with, where applicable, recently transacted prices for similar properties or the prices of comparable properties located in the nearby vicinity of each development and publicly available construction cost information for properties of a similar nature and location; • conducting site visits to all properties under development for sale to observe the development progress and challenging management's development budgets reflected in the latest forecasts with reference to market statistics about estimated construction costs, signed construction contracts and/or unit construction costs of recently completed projects developed by the Group; • re-performing calculations made by management in arriving at the year end assessments of net realisable value on a sample basis and comparing the estimated future construction costs to complete each development to the Group's updated budgets; • performing a retrospective review for all properties under development for sale completed during the year by comparing the actual construction costs incurred during the year to those included in the prior year's forecasts in order to assess the accuracy of the Group's budgeting process; and • performing sensitivity analyses to determine the extent of change in those estimates that, either individually or collectively, would be required for these properties to be materially misstated and considering the likelihood of such a movement in those key estimates arising.

Independent Auditor's Report

Key audit matters (Continued)

Assessing potential impairment of oil production and exploitation assets

Refer to accounting policies 1(i) and (k) and notes 2(g), 11 and 13 to the consolidated financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>As at 31 December 2019, the Group held oil production and exploitation assets in Kazakhstan with carrying amounts totalling HK\$66.7 million, which were stated at cost less accumulated amortisation and impairment losses.</p> <p>The related gas flaring permits, which are required to continue normal crude oil production, had expired on 31 December 2018. In 2019, the related gas flaring permits were not renewed for certain months and the Group could only maintain a minimum (i.e. below normal) production level during that period. As at 31 December 2019, the Group has obtained the related gas flaring permits which are valid until the end of December 2020.</p> <p>The recoverable amounts of oil production and exploitation assets were assessed by management based on the present value of estimated future cash flows arising from the continued use of the assets. The assessment of the recoverable amounts is inherently subjective as it involves significant management judgement and estimation, particularly in relation to the estimation of future crude oil prices, future oil production quantities, inflation and the discount rate applied.</p> <p>The Group recognised an impairment loss on oil production and exploitation assets during the year ended 31 December 2019 amounting to HK\$231.6 million.</p> <p>We identified assessing potential impairment of oil production and exploitation assets as a key audit matter because the assessment of the recoverable amounts involved significant management judgement, particularly in light of the volatility of crude oil prices, the uncertainty of the renewal of the related gas flaring permits and the current Kazakhstan business environment. Variations in these management judgements could have a material impact on the consolidated financial statements.</p>	<p>Our audit procedures to assess the potential impairment of oil production and exploitation assets included the following:</p> <ul style="list-style-type: none"> • obtaining and inspecting the impairment assessment prepared by management and comparing the key estimates and assumptions made in prior years with the current year; • with the assistance of our internal valuation specialists, discussing with management their valuation methodology and challenging the key estimates and assumptions adopted in the discounted cash flow forecast, in particular with relation to future crude oil prices, production forecasts, future operating and capital expenditure, discount rate and inflation rate, by comparing these with publicly available market benchmarks, historical results, economic and industry forecasts or approved business plans and by utilising the industry knowledge and experience of our internal valuation specialists; • inspecting the documentation on which management based its assessment of the likelihood of renewal of the related gas flaring permits during the period covered by the discounted cash flow forecast; • performing a retrospective review for oil production and exploitation assets by comparing the forecasted operating results made in the prior year's impairment assessment with the current year's operating results; • re-performing calculations made by management in arriving at the year end assessments of recoverable amounts and comparing the calculated recoverable amounts to the actual carrying amounts and assessing whether any impairment charges or reversals of previously recognised impairment charges were necessary; and • performing sensitivity analyses by making adjustments to future crude oil prices and discount rate to assess the risk of possible management bias in the impairment assessment exercise.

Independent Auditor's Report

Key audit matters (Continued)

Valuation of interests in property development

Refer to accounting policy 1(j) and notes 2(e) and 14 to the consolidated financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>As at 31 December 2019, interests in property development represented the Group's interests in the development of residential and commercial properties located in Macau and Mainland China which were stated at an aggregate fair value of HK\$14,053.5 million. The Group recognised a net surplus on revaluation of these assets of HK\$215.6 million in the consolidated income statement for the year ended 31 December 2019.</p> <p>The interest in property development in Macau at 31 December 2019 mainly represented the Lote P property development project. The construction work at the Lote P property development project has been suspended since December 2015 due to the expiry of the land lease. Pursuant to the co-investment agreement for the Lote P property development project, Polytec Holdings International Limited ("Polytec Holdings"), a related company of the Group, will indemnify the Group in respect of any loss suffered in respect of the Lote P property development project.</p> <p>The fair values of interests in property development were measured using a discounted cash flow model prepared by management.</p> <p>We identified the valuation of interests in property development as a key audit matter because of the significance of interests in property development to the Group's total assets and the significance of the changes in fair value of the interests in property development to the Group's consolidated income statement and because the valuation of interests in property development can be inherently subjective and requires the exercise of significant management judgement and estimation which increases the risk of error or management bias, particularly given the volatility of property prices in Macau and Mainland China.</p>	<p>Our audit procedures to address the valuation of interests in property development included the following:</p> <ul style="list-style-type: none">• obtaining and assessing the discounted cash flow forecast prepared by management and comparing the key estimates and assumptions made in prior years with the current year and current market developments;• with the assistance of our internal valuation specialists, discussing with management their valuation methodology and challenging the key estimates and assumptions adopted, by comparing those relating to expected future selling prices, costs to completion, market rents and yield and the discount rates applied with publicly available market information and by utilising the industry knowledge and experience of our internal valuation specialists;• conducting site visit to the relevant property development project to observe the development progress and evaluating whether development progress for the relevant project was consistent with the development plan as reflected in the latest forecast;• inspecting the financial information of Polytec Holdings received by the Group and other documentation referred to by management in its assessment of the financial ability of Polytec Holdings to provide the indemnity for any loss suffered by the Group in respect of the Lote P property development project; and• re-performing calculations of the discounted cash flow model prepared by management in arriving at the year end fair value and comparing the expected profit distribution plans with the latest sales budget plans maintained by management.

Independent Auditor's Report

Information other than the consolidated financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent Auditor's Report

Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Independent Auditor's Report

Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Ho Wai Ming.

Consolidated Statement of Changes in Equity

For the year ended 31 December 2019
(Expressed in Hong Kong dollars)

	Attributable to shareholders of the Company					Non-Controlling interests \$'000	Total equity \$'000
	Share capital \$'000	Capital reserve \$'000	Exchange reserves \$'000	Retained profits \$'000	Total \$'000		
At 1 January 2018	8,636,490	74,865	410,090	15,784,238	24,905,683	3,391,285	28,296,968
Changes in equity for 2018							
Profit for the year	-	-	-	2,193,309	2,193,309	458,563	2,651,872
Other comprehensive income	-	-	(325,343)	-	(325,343)	(1,275)	(326,618)
Total comprehensive income	-	-	(325,343)	2,193,309	1,867,966	457,288	2,325,254
Dividends approved in respect of the previous year	-	-	-	(505,951)	(505,951)	-	(505,951)
Dividends approved in respect of the current year	-	-	-	(258,859)	(258,859)	-	(258,859)
Dividends paid to non-controlling interests	-	-	-	-	-	(39,939)	(39,939)
Intercompany loan assigned in excess of the consideration paid for acquisition of a subsidiary (<i>Remark (i)</i>)	-	7,901	-	-	7,901	-	7,901
Special dividend by way of distribution in specie of shares in a subsidiary (<i>Remark (ii)</i>)	-	(259,361)	-	(81,188)	(340,549)	340,549	-
At 31 December 2018	8,636,490	(176,595)	84,747	17,131,549	25,676,191	4,149,183	29,825,374

Remarks:

- (i) During the year ended 31 December 2018, the Group had entered into an agreement with Polytec Holdings International Limited ("Polytec Holdings") for the proposed acquisition of 100% equity interest of a wholly owned subsidiary of Polytec Holdings together with the assignment of loan from Polytec Holdings for an aggregate consideration of \$2,110,242,000 of which \$742,550,000 for the purchase of shares and \$1,367,692,000 for the assignment of the intercompany loan. The difference of \$7,901,000 between the consideration paid of \$1,367,692,000 and the intercompany loan assigned of \$1,375,593,000 was accounted for as capital contribution.
- (ii) During the year ended 31 December 2018, the Group distributed its 2.65% equity interest in Polytec Asset Holdings Limited ("PAH") (Stock Code: 208) through distribution of special dividend as disclosed in note 8. Such distribution was accounted for as a partial disposal of subsidiary without loss of control. The difference of \$259,361,000 between the fair value of the special dividend and the increase in carrying amount of the non-controlling interests had been recognised directly in equity under the capital reserve.

Consolidated Statement of Changes in Equity

For the year ended 31 December 2019
(Expressed in Hong Kong dollars)

	Attributable to shareholders of the Company					Non-Controlling interests \$'000	Total equity \$'000

Analysis of balances of cash and cash equivalents at 31 December			
Cash and bank balances		3,259,366	1,068,348

The notes on pages 71 to 143 form part of these financial statements.

Notes to the Financial Statements

(Expressed in Hong Kong dollars)

1 Significant accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance. These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). Significant accounting policies adopted by the Group are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 1(d) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these financial statements.

(b) Measurement basis

The measurement basis used in the preparation of the financial statements is the historical cost basis except for investment properties (note 1(h)), interests in property development (note 1(j)) and investments in debt and equity securities (note 1(o)), which are measured at their fair values, as explained in the accounting policies set out below.

The preparation of the financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

(c) Basis of consolidation

The consolidated financial statements include the financial statements of Kowloon Development Company Limited ("the Company") and all of its subsidiaries (together referred to as "the Group") made up to 31 December, together with the Group's share of the results for the year and net assets of its associated companies and joint ventures. The results of subsidiaries acquired or disposed of during the year are included in the consolidated income statement from or to the date of their acquisition or disposal, as appropriate.

1 Significant accounting policies (Continued)

(d) Changes in accounting policies

The HKICPA has issued a new HKFRS 16, "Leases", and a number of amendments to HKFRSs that are first effective for the current accounting period of the Group.

None of these developments have had a material effect on how the Group's results and financial position for the current or prior periods have been prepared or presented. The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

HKFRS 16, "Leases"

HKFRS 16 replaces HKAS 17, "Leases", and the related interpretations, HK(IFRIC) 4, "Determining whether an arrangement contains a lease", HK(SIC) 15, "Operating leases – incentives", and HK(SIC) 27, "Evaluating the substance of transactions involving the legal form of a lease".

The key changes to the Group's accounting policies resulting from the adoption of HKFRS 16 are summarised below.

As a lessee

As a lessee, the Group previously classified leases as operating or finance leases under HKAS 17 based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Group. Under HKFRS 16, the Group is required to capitalise all leases when it is the lessee, including leases previously classified as operating leases under HKAS 17.

The Group decided to apply recognition exemptions to short-term leases that have a lease term of 12 months or less and leases of low-value assets. For leases of other assets, the Group recognised right-of-use assets and lease liabilities.

As a lessor

HKFRS 16 does not substantially change how a lessor accounts for leases under HKAS 17.

(e) Goodwill

Goodwill represents the excess of

- (i) the aggregate of the fair value of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the Group's previously held equity interest in the acquiree; over
- (ii) the net fair value of the acquiree's identifiable assets and liabilities measured as at the acquisition date.

When (ii) is greater than (i), then this excess is recognised immediately in profit or loss as a gain on a bargain purchase.

Goodwill is stated at cost less accumulated impairment losses. Goodwill arising on a business combination is allocated to each cash generating unit, or groups of cash generating units, that is expected to benefit from the synergies of the combination and is tested annually for impairment (see note 1 (t)).

On disposal of a cash generating unit during the year, any attributable amount of purchased goodwill is included in the calculation of the profit or loss on disposal.

1 Significant accounting policies (Continued)

(f) Interest in subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has the power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances and transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated income statement and the consolidated statement of comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in income statement. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 1(o)) or, when appropriate, the cost on initial recognition of an investment in an associated company or joint venture (see note 1(g)).

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less any impairment losses (see note 1(t)), unless the investment is classified as held for sale (or included in a disposal group that is classified as held for sale).

1 Significant accounting policies (Continued)

(g) Associated companies and joint ventures

An associated company is an entity in which the Group or the Company has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

A joint venture is an arrangement whereby the Group or the Company and other parties contractually agree to share control of the arrangement, and have rights to the net assets of the arrangement.

An investment in an associated company or a joint venture is accounted for in the consolidated financial statements under the equity method, unless it is classified as held for sale (or included in a disposal group that is classified as held for sale). Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment (if any). Thereafter, the investment is adjusted for the post-acquisition changes in the Group's share of the investee's net assets and any impairment losses relating to the investment. Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the investees and any impairment losses for the year are recognised in the consolidated income statement, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised in the consolidated statement of comprehensive income.

When the Group's share of losses exceeds its interest in the associated company or the joint venture, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the associated company or the joint venture.

Unrealised profits and losses resulting from transactions between the Group and its associated companies and joint ventures are eliminated to the extent of the Group's interest in the investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

If an investment in an associated company becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method.

In all other cases, when the Group ceases to have significant influence over an associated company or joint control over a joint venture, it is accounted for as a disposal of the entire interest in that investee, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former investee at the date when significant influence or joint control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 1(o)).

In the Company's statement of financial position, investments in associated companies and joint ventures are stated at cost less impairment losses (see note 1(t)), unless classified as held for sale (or included in a disposal group that is classified as held for sale).

1 Significant accounting policies (Continued)

(h) Investment properties

Investment properties are land and/or buildings held under leasehold interest to earn rental income and/or for capital appreciation. These include land held for a currently undetermined future use and property that is being constructed or developed for future use as investment property. They are valued semi-annually by independent firm of professional valuers on a market value basis. Investment properties are stated at fair value, unless they are still in the course of construction or development at the end of the reporting period and their fair values cannot be reliably measured at that time in which case they are stated at cost less any impairment losses. All changes in fair value of investment properties are recognised directly in the consolidated income statement.

(i) Property, plant and equipment

(i) Leasehold land and buildings held for own use

Leasehold land and buildings held for own use are stated at cost less accumulated depreciation and impairment losses.

(ii) Other property, plant and equipment

Other property, plant and equipment (other than land and buildings held for own use) is stated at cost less accumulated depreciation and impairment losses (see note 1(t)).

(iii) Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

(j) Interests in property development

Interests in property development are classified as investments measured at fair value through profit or loss ("FVPL"). Changes in fair value of the investments (including interest) are recognised in profit or loss. The fair value of interests in property development is determined based on the estimated entitlements to the interests in property development.

(k) Oil exploitation assets

Costs incurred for the acquisition and maintenance of the exploitation rights of the Group's oil exploration and production activities are capitalised as oil exploitation assets. Oil exploitation assets are stated at cost less accumulated amortisation and impairment losses. The amortisation is calculated based on unit of production method based upon the estimated proved and probable oil reserves.

1 Significant accounting policies (Continued)

(l) Inventories

(i) Land/Properties held for future development

Land/Properties held for future development is stated at the lower of cost and the estimated net realisable value. Net realisable value represents the estimated selling price less estimated costs of completion and costs to be incurred in selling the properties.

(ii) Properties under development

Properties under development are stated at the lower of cost and estimated net realisable value. Cost comprises the acquisition cost of interests in leasehold land, borrowing costs capitalised, aggregate costs of development, materials and supplies, wages and other direct expenses. Net realisable value represents the estimated selling price less estimated costs of completion and costs to be incurred in selling the properties.

(iii) Properties held for sale

Properties held for sale are stated at the lower of cost and estimated net realisable value. Net realisable value represents the estimated selling price less costs to be incurred in selling the properties.

(iv) Trading goods and consumables

Inventories other than consumables are stated at the lower of cost and net realisable value. Consumables are stated at cost less any provision for obsolescence. Cost of inventories, other than properties, is determined using the weighted average method. Net realisable value is the estimated selling price less the estimated costs of completion and the estimated costs necessary to make the sale.

(m) Contract assets and contract liabilities

A contract asset is recognised when the Group recognises revenue (see note 1(v)) before being unconditionally entitled to the consideration under the payment terms set out in the contract. Contract assets are assessed for expected credit losses ("ECLs") in accordance with the policy set out in note 1(t)(i) and are reclassified to receivables when the right to the consideration has become unconditional (see note 1(n)).

A contract liability is recognised when the customer pays consideration before the Group recognises the related revenue (see note 1(v)). A contract liability would also be recognised if the Group has an unconditional right to receive consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 1(n)).

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

When the contract includes a significant financing component, the contract balance includes interest accrued under the effective interest method (see note 1(v)).

1 Significant accounting policies (Continued)

(n) Trade and other receivables

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Group has an unconditional right to receive consideration, the amount is presented as a contract asset (see note 1(m)).

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses (see note 1(t)).

(o) Other investments in debt and equity securities

The Group's policies for investments in debt and equity securities, other than investments in subsidiaries, associated companies and joint ventures, are set out below.

Investments in debt and equity securities are recognised/derecognised on the date the Group commits to purchase/sell the investment. The investments are initially stated at fair value plus directly attributable transaction costs, except for those investments measured at FVPL for which transaction costs are recognised directly in profit or loss. For an explanation of how the Group determines fair value of financial instruments, see note 32(f). These investments are subsequently accounted for as follows, depending on their classification:

(i) Investments other than equity investments

Non-equity investments held by the Group are classified into one of the following measurement categories:

- amortised cost, if the investment is held for the collection of contractual cash flows which represent solely payments of principal and interest. Interest income from the investment is calculated using the effective interest method (see note 1(v)(vi)).
- fair value through other comprehensive income ("FVOCI") – recycling, if the contractual cash flows of the investment comprise solely payments of principal and interest and the investment is held within a business model whose objective is achieved by both the collection of contractual cash flows and sale. Changes in fair value are recognised in other comprehensive income, except for the recognition in profit or loss of expected credit losses, interest income (calculated using the effective interest method) and foreign exchange gains and losses. When the investment is derecognised, the amount accumulated in other comprehensive income is recycled from equity to profit or loss.
- FVPL if the investment does not meet the criteria for being measured at amortised cost or FVOCI (recycling). Changes in the fair value of the investment (including interest) are recognised in profit or loss.

1 Significant accounting policies (Continued)

(o) Other investments in debt and equity securities (Continued)

(ii) Equity investments

An investment in equity securities is classified as FVPL unless the equity investment is not held for trading purposes and on initial recognition of the investment the Group makes an irrevocable election to designate the investment at FVOCI (non-recycling) such that subsequent changes in fair value are recognised in other comprehensive income. Such elections are made on an instrument-by-instrument basis, but may only be made if the investment meets the definition of equity from the issuer's perspective. Where such an election is made, the amount accumulated in other comprehensive income remains in the fair value reserve (non-recycling) until the investment is disposed of. At the time of disposal, the amount accumulated in the fair value reserve (non-recycling) is transferred to retained profits. It is not recycled through profit or loss. Dividends from an investment in equity securities, irrespective of whether classified as at FVPL or FVOCI, are recognised in profit or loss as other income in accordance with the policy set out in note 1(v)(v).

(p) Trade and other payables

Trade and other payables are initially recognised at fair value. Except for financial guarantee liabilities measured in accordance with note 1(x)(i), trade and other payables are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

(q) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents for the purpose of the consolidated cash flow statement.

(r) Borrowings

Borrowings are recognised initially at fair value less transaction costs. Subsequent to initial recognition, borrowings are stated at amortised cost using the effective interest method.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to prepare for its intended use or sale are capitalised as part of the cost of that asset. Other borrowing costs are expensed in the period in which they are incurred. The capitalisation rate is arrived at by reference to the actual rate payable on borrowings for development purposes or, with regard to that part of the development costs financed out of general working capital, to the average rate thereof.

Notes to the Financial Statements

1 Significant accounting policies (Continued)**(s) Depreciation and amortisation****(i) Leasehold land and buildings**

Leasehold land and buildings are stated at cost less accumulated depreciation and impairment losses. Leasehold land is depreciated over the remaining term of the leases. Buildings and improvements thereto are depreciated over the shorter of their useful lives and the unexpired terms of the leases.

(ii) Oil production assets

Oil production assets include all property, plant and equipment arising from oil exploration and production activities. Depreciation of certain oil production assets is calculated based on a unit of production method based upon the estimated proved and probable oil reserves to write off the cost of each asset, less any estimated residual value.

(iii) Other property, plant and equipment

Other property, plant and equipment is stated at cost less accumulated depreciation and impairment losses. Future estimated dismantling and restoration costs of other property, plant and equipment are discounted at appropriate rates and are capitalised as part of the costs of other property, plant and equipment, which are subsequently depreciated. Any subsequent change in the present value of the estimated costs, other than the change due to passage of time, is reflected as an adjustment to the costs.

Except for certain oil production assets as set out in note 1(s)(ii) above, depreciation is calculated on a straight line method to write off the assets over their estimated useful lives as follows:

–	Air conditioning plant, plant and machinery, lifts and escalators	5 to 10 years
–	Furniture and fixtures, motor vehicles, electronic data processing equipment and others	2 to 5 years

(t) Credit losses and impairment of assets**(i) Credit losses from financial instruments and contract assets**

The Group recognises a loss allowance for ECLs on the following items:

- financial assets measured at amortised cost (including cash and cash equivalents, trade and other receivables, loans and advances, amounts due from joint ventures, loans to associated companies and loans to joint ventures);
- contract assets as defined in HKFRS 15 (see note 1(m)); and
- debt securities measured at FVOCI (recycling).

Other financial assets measured at fair value, including equity and debt securities measured at FVPL, equity securities designated at FVOCI (non-recycling) and derivative financial assets, are not subject to ECL assessment.

1 Significant accounting policies (Continued)

(t) Credit losses and impairment of assets (Continued)

(i) Credit losses from financial instruments and contract assets (Continued)

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

The expected cash shortfalls are discounted using the following discount rates where the effect of discounting is material:

- fixed-rate financial assets, trade and other receivables and contract assets: effective interest rate determined at initial recognition or an approximation thereof; and
- variable-rate financial assets: current effective interest rate.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs. ECLs on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

For all other financial instruments, the Group recognises a loss allowance equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

1 Significant accounting policies (Continued)

(t) Credit losses and impairment of assets (Continued)

(i) Credit losses from financial instruments and contract assets (Continued)

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 90 days past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt securities that are measured at FVOCI (recycling), for which the loss allowance is recognised in other comprehensive income and accumulated in the fair value reserve (recycling).

1 Significant accounting policies (Continued)

(t) Credit losses and impairment of assets (Continued)

(i) Credit losses from financial instruments and contract assets (Continued)

Basis of calculation of interest income

Interest income recognised in accordance with note 1(v)(vi) is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset.

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or past due event;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

Write-off policy

The gross carrying amount of a financial asset or contract asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

1 Significant accounting policies (Continued)

(t) Credit losses and impairment of assets (Continued)

(ii) Impairment of other assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased.

- property, plant and equipment, including right-of-use assets (other than properties carried at fair values);
- oil exploitation assets;
- intangible assets;
- goodwill; and
- investments in subsidiaries, associated companies and joint ventures in the Company's statement of financial position.

If any such indication exists, the asset's recoverable amount is estimated. In addition, for goodwill, intangible assets that are not yet available for use and intangible assets that have indefinite useful lives, the recoverable amount is estimated annually whether or not there is any indication of impairment.

- Calculation of recoverable amount
The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).
- Recognition of impairment losses
An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

1 Significant accounting policies (Continued)

(t) Credit losses and impairment of assets (Continued)

(ii) Impairment of other assets (Continued)

- Reversals of impairment losses

In respect of assets other than goodwill, an impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(iii) Interim financial reporting and impairment

Under the Listing Rules, the Group is required to prepare an interim financial report in compliance with HKAS 34, "Interim financial reporting", in respect of the first six months of the financial year. At the end of the interim period, the Group applies the same impairment testing, recognition, and reversal criteria as it would at the end of the financial year (see notes 1(t)(i) and 1(t)(ii)).

Impairment losses recognised in an interim period in respect of goodwill are not reversed in a subsequent period. This is the case even if no loss, or a smaller loss, would have been recognised had the impairment been assessed only at the end of the financial year to which the interim period relates.

(u) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in the income statement except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits. Apart from differences which arise on initial recognition of assets and liabilities, all deferred tax liabilities and all deferred tax assets, to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised.

1 Significant accounting policies (Continued)

(u) **Income tax** (Continued)

Where investment properties are carried at their fair value in accordance with the accounting policy set out in note 1(h), the amount of deferred tax recognised is measured using the tax rates that would apply on sale of those assets at their carrying value at the end of the reporting period unless the property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

(v) **Recognition of revenue**

Revenue is recognised when control over a product or service is transferred to the customer, or the lessee has the right to use the asset, at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Further details of the Group's revenue and other income recognition policies are as follows:

(i) **Rental income from operating leases**

Rental income receivable under operating leases is recognised in the income statement in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives granted are recognised in the income statement as an integral part of the aggregate net lease payments receivable. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are earned.

(ii) **Sale of properties**

Revenue arising from the sale of properties is recognised in the income statement on the basis that control over the ownership of the property has been passed to the customer, which is the point in time when the customer has the ability to direct the use of the property and obtain substantially all the benefits of the property. Deposits and instalments received on properties sold prior to the date of revenue recognition are included in the statement of financial position under contract liabilities.

(iii) **Income from interests in property development**

Income from interests in property development is recognised when the Group is entitled to a distribution in respect of the investment.

1 Significant accounting policies (Continued)

(v) Recognition of revenue (Continued)

(iv) Sale of crude oil

Revenue arising from the sale of crude oil is recognised at a point in time when the customer takes possession of and accepts the crude oil, which is taken to be the point in time when the customer has obtained control of the crude oil sold.

(v) Dividend income

Dividend income from unlisted investments is recognised when the shareholder's right to receive payment is established.

Dividend income from listed investments is recognised when the share price of the investment goes ex-dividend.

(vi) Interest income

Interest income is recognised as it accrues under the effective interest method using the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset.

(w) Translation of foreign currencies

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in the income statement.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was determined.

The results of foreign operations are translated into Hong Kong dollars at the exchange rates approximating the foreign exchange rates ruling at the dates of the transactions. Statement of financial position items are translated into Hong Kong dollars at the closing foreign exchange rates at the end of the reporting period. The resulting exchange differences are recognised in other comprehensive income and accumulated separately in equity in the exchange reserve.

On disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation is reclassified from equity to the income statement when the profit or loss on disposal is recognised.

1 Significant accounting policies (Continued)

(x) Financial guarantees issued, provisions and contingent liabilities

(i) Financial guarantees issued

Financial guarantees are contracts that require the issuer (i.e. the guarantor) to make specified payments to reimburse the beneficiary of the guarantee (the "holder") for a loss the holder incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Where the Group issues a financial guarantee, the fair value of the guarantee is initially recognised as deferred income within trade and other payables. The fair value of financial guarantees issued at the time of issuance is determined by reference to fees charged in an arm's length transaction for similar services, when such information is obtainable, or is otherwise estimated by reference to interest rate differentials, by comparing the actual rates charged by lenders when the guarantee is made available with the estimated rates that lenders would have charged, had the guarantees not been available, where reliable estimates of such information can be made. Where consideration is received or receivable for the issuance of the guarantee, the consideration is recognised in accordance with the Group's policies applicable to that category of asset. Where no such consideration is received or receivable, an immediate expense is recognised in profit or loss.

The amount of the guarantee initially recognised as deferred income is amortised in the income statement over the term of the guarantee as income from financial guarantees issued.

The Group monitors the risk that the specified debtor will default on the contract and recognises a provision when ECLs on the financial guarantees are determined to be higher than the amount carried in trade and other payables in respect of the guarantees (i.e. the amount initially recognised, less accumulated amortisation). The same definition of default and the same assessment of significant increase in credit risk as described in note 1(t)(i) apply.

To determine ECLs, the Group considers changes in the risk of default of the specified debtor since the issuance of the guarantee. A 12-month ECL is measured unless the risk that the specified debtor will default has increased significantly since the guarantee is issued, in which case a lifetime ECL is measured. The same definition of default and the same assessment of significant increase in credit risk as described in note 1(t)(i) apply.

As the Group is required to make payments only in the event of a default by the specified debtor in accordance with the terms of the instrument that is guaranteed, an ECL is estimated based on the expected payments to reimburse the holder for a credit loss that it incurs less any amount that the group expects to receive from the holder of the guarantee, the specified debtor or any other party. The amount is then discounted using the current risk-free rate adjusted for risks specific to the cash flows.

1 Significant accounting policies (Continued)

(x) Financial guarantees issued, provisions and contingent liabilities (Continued)

(ii) Other provisions and contingent liabilities

Provisions are recognised when the Group has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(y) Related parties

(i) A person, or a close member of that person's family, is related to the Group if that person:

- (1) has control or joint control over the Group;
- (2) has significant influence over the Group; or
- (3) is a member of the key management personnel of the Group or the Group's parent.

(ii) An entity is related to the Group if any of the following conditions applies:

- (1) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (2) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- (3) Both entities are joint ventures of the same third party.
- (4) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- (5) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
- (6) The entity is controlled or jointly controlled by a person identified in (i).
- (7) A person identified in (i)(1) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
- (8) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

1 Significant accounting policies (Continued)

(z) Lease assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

(i) As a lessee

(A) Policy applicable from 1 January 2019

Where the contract contains lease component(s) and non-lease component(s), the Group has elected not to separate non-lease components and accounts for each lease component and any associated non-lease components as a single lease component for all leases.

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets. When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to profit or loss in the accounting period in which they are incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses (see notes 1(s) and 1(t)(ii)), except for the following types of right-of-use asset:

- right-of-use assets that meet the definition of investment property are carried at fair value in accordance with note 1(h); and
- right-of-use assets related to interests in leasehold land where the interest in the land is held as inventory are carried at the lower of cost and net realisable value in accordance with note 1(l).

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

1 Significant accounting policies (Continued)

(z) Lease assets (Continued)

(i) As a lessee (Continued)

(B) Policy applicable prior to 1 January 2019

Where the Group had the use of assets held under operating lease, payments made under the leases were charged to profit or loss in equal instalments over the accounting periods covered by the lease term, except where an alternative basis was more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received were recognised in profit or loss as an integral part of the aggregate net lease payments made. Contingent rentals were charged to profit or loss in the accounting period in which they were incurred.

(ii) As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. If this is not the case, the lease is classified as an operating lease.

When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. The rental income from operating leases is recognised in accordance with note 1(v)(i).

When the Group is an intermediate lessor, the sub-leases are classified as a finance lease or as an operating lease with reference to the right-of-use asset arising from the head lease. If the head lease is a short-term lease to which the Group applies the exemption described in note 1(z)(i), then the Group classifies the sub-lease as an operating lease.

(aa) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Contributions to Mandatory Provident Funds as required under the Hong Kong Mandatory Provident Fund Schemes Ordinance, are recognised as an expense in profit or loss as incurred.

Contributions to retirement plans (defined contribution retirement plans) managed by respective local governments of the municipalities in which the Group operates in the Mainland China are charged to profit or loss as and when incurred, except to the extent that they are included in properties under development for sale not yet recognised as an expense.

Notes to the Financial Statements

1 Significant accounting policies (Continued)**(ab) Segment reporting**

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's top management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

2 Critical accounting judgements and key sources of estimation uncertainty

In the process of applying the Group's accounting policies (which are described in note 1), management has made the following judgements that have significant effect on the amounts recognised in the financial statements.

(a) Depreciation and amortisation

The Group depreciates property, plant and equipment other than properties and oil production assets on a straight line basis over the estimated useful lives of 2 to 10 years, after taking into account of the estimated residual value, using the straight line method, commencing from the date the asset is placed into productive use. The estimated useful lives reflect the Directors' estimate of the periods that the Group intends to derive future economic benefits from the use of the Group's assets.

Certain oil production assets and oil exploitation assets are depreciated and amortised based on a unit of production method based upon the estimated proved and probable oil reserves. The estimates of the Group's oil reserves are the best estimates based on the information currently available to the management and represent only approximate amounts because of the subjective judgements involved in developing such information. Oil reserve estimates are subject to revision, either upward or downward, based on new relevant information. Changes in oil reserves will affect unit of production depreciation, amortisation and depletion recorded in the Group's consolidated financial statements for oil production assets and oil exploitation assets related to oil production activity. A reduction in oil reserves will increase depreciation, amortisation and depletion charges.

(b) Allowances for expected credit losses

The Group uses a provision matrix to calculate ECLs. The provision rates are based on days past due for groupings of various debtors segments that have similar loss patterns. The provision matrix is based on management's estimate of the lifetime ECLs to be incurred, which is estimated by taking into account the credit loss experience, ageing of overdue trade receivables, debtors' repayment history and debtors' financial position and an assessment of both the current and forecast general economic conditions, all of which involve a significant degree of management judgement.

The provision of ECLs is sensitive to changes in circumstances and of forecast general economic conditions. The information about the ECLs is disclosed in note 19. If the financial condition of the debtors or the forecast economic conditions were to deteriorate, actual loss allowance would be higher than estimated.

2 Critical accounting judgements and key sources of estimation uncertainty (Continued)

(c) Estimation of fair value of investment properties

Investment properties are stated at market value based on a valuation performed by an independent firm of professional valuers at the end of the reporting period based on certain assumptions (see note 10(b)).

The fair value of investment properties is revalued semi-annually by independent qualified valuers, by using the income capitalisation approach with reference to sales transactions as convertible in the market. The income capitalisation approach is the sum of the term value and the reversionary value calculated by discounting the contracted annual rent at the capitalisation rate over the existing lease period; and the sum of average unit market rent at the capitalisation rate after the existing lease period.

The fair value of investment properties under development is revalued semi-annually by independent qualified valuers, by estimating the fair value of such properties as if they were completed in accordance with relevant development plan, which makes reference to the average selling prices based on certain comparable sales transactions in the market and adjusted for differences such as location, size, timing and other factors collectively, and then deducting the estimated cost to complete the construction.

(d) Estimation of provision for land/properties held for future development and properties under development and held for sale

Management determines the net realisable value of land/properties held for future development and properties under development and held for sale by using the prevailing market data such as most recent sale transactions and market survey reports available from independent property valuers.

Management's assessment of net realisable value of land/properties held for future development and properties under development and held for sale requires judgement as to the anticipated sale prices with reference to the recent sale transaction in nearby locations, rate of new property sales, marketing costs and the expected costs to complete the properties and the legal and regulatory framework and general market conditions.

(e) Estimation of fair value of interests in property development

Interests in property development are stated at their fair value measured using a discounted cash flow model. In preparing the discounted cash flow model, management estimates the future cash flows expected to arise from the interests in property development and a suitable discount rate based on the past performance, current market conditions, development and building plans, sale and marketing plans and management's expectations for market development and terms provided under the co-investment agreements. Any adverse change in the key assumptions could decrease the fair value.

Interests in property development represent the Group's interests in the development of two properties located at Lote P and Lotes T+T1 of Novos Aterros da Areia Preta, in Macau and one property located at Huizhou, in Mainland China under the co-investment agreements with a related company, Polytec Holdings and two of its wholly owned subsidiaries.

2 Critical accounting judgements and key sources of estimation uncertainty (continued)

(e) Estimation of fair value of interests in property development (Continued)

In respect of the development project at Lote P, its land concession was agreed in December 1990 whereby the proposed use of land was successfully converted from industrial to residential and commercial in 2006, with a lease term of 25 years ended on 25 December 2015 (the "Expiry Date"). If the project had been completed on or before the Expiry Date, it would have become a definite land concession which would be renewable every 10 years until 2049. However, in September 2013, the Macau Special Administrative Region Government (the "Macau SAR Government") promulgated the Macau New Land Law (the "MNLL") which came into effect in March 2014. The MNLL provides that the Macau SAR Government will have the right to resume the land of any property development that is not completed and/or where the conditions as stated in the land concession for which have not been fulfilled by the stipulated expiry date without any compensation to the property owner. Owing to the delays caused by the Macau SAR Government in granting the requisite approvals and permits for the development of the project, the project could not commence until August 2014. As a result, the construction work could not be completed by the Expiry Date and all construction work is currently suspended. An application had been made to the Macau SAR Government for an extension of the Expiry Date but it was declined by the relevant department of the Macau SAR Government.

On 23 May 2018, the Tribunal de Ultima Instancia (the Court of Final Appeal) of the Macau SAR rejected the application of final appeal by Polytex Corporation Limited ("PCL"), the registered owner of the property of the project and a wholly owned subsidiary of Polytec Holdings, for invalidating the decision made by the Chief Executive of the Macau SAR to terminate the land concession of the project.

Based on the legal opinion obtained by the Group, management is of the view that PCL has strong legal grounds and arguments to seek compensation from the Macau SAR Government for losses and damages, including but not limited to all actual losses suffered and all loss of profit as expected to be derived upon completion of the project, as a result of the procedural delay in granting the requisite approvals and permits for the development of the project which caused the incompleteness of the project before the Expiry Date. On 29 November 2018, PCL had filed a civil claim against the Macau SAR Government to seek compensation for losses and damages on the development project at Lote P.

In addition, pursuant to the co-investment agreement for the development of the project, in the event that PCL fails to complete the project under the co-investment agreement, Polytec Holdings will be required to indemnify the Group in respect of any loss suffered. Therefore, any loss to the Group due to the repossession of the land of the project by the Macau SAR Government will be indemnified by Polytec Holdings. Accordingly, no impairment for the interests in the project was considered necessary at 31 December 2019.

In respect of the development project at Lotes T+T1, the occupation permit had been obtained in July 2017. The pre-sold residential units have been gradually delivered to the purchasers since late December of 2017, and the unsold residential units have been putting on the market for sale in phases.

(f) Impairment of interest in subsidiaries, associated companies and joint ventures

In considering the impairment that may be required for the Company's interest in subsidiaries, associated companies and joint ventures, the recoverable amount of the assets needs to be determined. The recoverable amount is the greater of the net selling prices and the value in use. It is difficult to precisely estimate selling price because quoted market prices for these assets may not be readily available. In determining the value in use, expected cash flows generated by the assets are discounted to their present value, which requires significant judgement relating to items such as level of revenue and amount of operating costs of the subsidiaries, associated companies and joint ventures. The Company uses all readily available information in determining an amount that is a reasonable approximation of the recoverable amount, including estimates based on reasonable and supportable assumptions and projections of items such as revenue and operating costs of subsidiaries, associated companies and joint ventures.

2 Critical accounting judgements and key sources of estimation uncertainty (Continued)

(g) Estimated impairment of oil production assets and oil exploitation assets

Oil production and exploitation assets are reviewed for possible impairment when events or changes in circumstances indicate that the carrying amounts may exceed the recoverable amounts, which are considered to be the higher of the fair value less costs of disposal and value in use. A discounted cash flow model was adopted consistently as previous years which was prepared by the experienced technical and professional team of the Group and reviewed by the Directors of the Company although no independent valuation report was produced. Discounted cash flow model is a commonly used valuation method for oil companies worldwide to determine the recoverable amount of the oil production and exploitation assets during the oil production stage. Under the discounted cash flow model, the recoverable amount for oil production and exploitation assets is determined based on the present value of estimated future cash flows arising from the continued use of the assets. Cash flows are discounted to their present value using a discount rate that reflects the time value of money and the risks specific to the assets. Determination as to whether and how much an asset is impaired involves management judgements in estimating future crude oil prices, the discount rate used in discounting the projected cash flows and the production profile, etc. The impairment reviews and calculations are based on assumptions that are consistent with the Group's business plan and that all relevant licences and permits are obtained. However, the business environment including the crude oil price is affected by a wide range of global and domestic factors which are all beyond the control of the Group. Any adverse changes in the key assumptions could increase the impairment provision.

The gas flaring permit allowing flaring of associated gas necessary for conducting normal crude oil production in the South Alibek Oilfield of Caspi Neft TME, a wholly owned subsidiary of PAH (70.8% owned by the Group), in Kazakhstan expired on 31 December 2018. During the year, gas flaring permits were not renewed for certain months and the Group could only maintain a minimum (i.e. below normal) production level during that period. By the end of 2019, as construction of the pipes to the gas processing plant for processing the associated gas was completed by Caspi Neft TME, the historic issue regarding the treatment and utilisation of associated gas had been solved permanently. As a result, the gas flaring permit for the year ending 31 December 2020 was obtained and the Group considers that the gas flaring permit will be successfully renewed yearly in future.

As at 31 December 2019, management reassessed the operation and the risk exposures of the Group's oil exploration and production business as a whole and whether the carrying values of the oil production and exploitation assets exceeded the estimated recoverable amounts. The recoverable amounts of oil production and exploitation assets were determined based on the value in use calculations applying a discount rate of 12.5% (2018: 12.5%) consistently adopted by the Group, which was within the normal range of the discount rates commonly used in the discounted cash flow models by the oil companies in Kazakhstan. Based on the assessment, the carrying values of the oil production and exploitation assets exceeded their recoverable amounts by \$231,573,000 as at 31 December 2019 in view of various factors of prevailing market and development conditions such as the declining crude oil price forecast; possible higher capital expenditure to be incurred due to the added complexity and technical specification of future well drilling; and the consequential revision of the development plan adopted by the Group, with more details disclosed below.

The forecast future crude oil prices as at 31 December 2019 obtained from the Oil Price Forecast of Bloomberg, an independent and internationally reliable source, were found to have dropped as compared to those at 31 December 2018 (2019: USD61.79 – USD74.01 per barrel; 2018: USD70.3 – USD77.4 per barrel).

In respect of the capital expenditure to be incurred for the future well drilling, it was expected to be higher due to the added complexity and technical specification of the wells to be drilled and the limited availability of well drilling service providers having taken into consideration the relatively small orders for such services that will be placed by Caspi Neft TME. The estimated capital expenditure for the future well drilling (including well drilling services, drilling materials and mud logging, etc) as at 31 December 2019 was expected to increase by approximately 65% as compared to that estimated as at 31 December 2018 by reference to the result of the study conducted thereon and the quotation for the well drilling services from an independent service provider.

2 Critical accounting judgements and key sources of estimation uncertainty (Continued)

(g) **Estimated impairment of oil production assets and oil exploitation assets** (Continued)

In the late third quarter of 2019, when the management of Caspi Neft TME had ascertained that the aforesaid pipes would be completed by the end of 2019 and the approval for transporting the associated gas was expected to be obtained shortly after the completion of the pipes, they urged the technical team to wrap up various studies including those on geology, geophysics, well drilling and measures taken to improve production capacity and efficiency, etc. and analysis on the present and future market conditions so as to assess whether the future development plan (including the production plan) should be revised. Having thoroughly and carefully gone through and assessed the results of the studies comprehensively, it was concluded that both the water injection contributing effect and formation pressure recovery had declined. After conducting a further study and negotiating with some well drilling service providers, it was found that higher capital expenditure would be required for well drilling for the reasons as mentioned above. Taking into consideration all the aforesaid factors, the well drilling plan was deferred/postponed to complete a few years later thereby the overall production period would be extended for a few years and the average yearly production output for the future years would be lowered, whilst the level of oil reserves remained unchanged and consequently the future development plan was revised. In this regard, the future oil production volume and hence the future revenue and cash inflow generated therefrom would be deferred/postponed. As a result, the net present value of the estimated future cash flows arising from the oil production and exploitation assets would be lowered which would adversely affect the recoverable amount in the discounted cash flow model accordingly.

Accordingly, impairment losses for oil production assets and oil exploitation assets amounting to \$210,731,000 and \$20,842,000 respectively, are provided and recognised as a separate line item in the Group's consolidated income statement. Whereas the estimated recoverable amounts of the oil production and exploitation assets exceeded their carrying values as at 31 December 2018, therefore, no further impairment loss was considered necessary for the year ended 31 December 2018.

Crude oil price assumptions were based on market expectations. At 31 December 2019, it is estimated that an increase/decrease of 20% (2018: 20%) in the estimated crude oil price used in the assessment, with all other variables held constant would have increased/decreased the carrying amounts of the oil production and exploitation assets by \$127,200,000/\$66,706,000 (2018: \$184,558,000/\$194,237,000). The discount rate used represents the rate to reflect the time value of money and the risks specific to the assets. It is estimated that an increase/decrease of 200 basis points (2018: 200 basis points) in the discount rate used in the assessment, with all other variables held constant would have decreased/increased the carrying amounts of the oil production and exploitation assets by \$7,546,000/\$8,822,000 (2018: \$39,176,000/\$43,434,000).

(h) **Land appreciation tax ("LAT")**

LAT is levied at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sales of properties less deductible expenditure including the costs of land use rights, borrowing costs and all qualified property development expenditure. Significant judgement is required in determining the extent of LAT. The Group recognises LAT based on management's best estimates. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the consolidated income statement in the periods in which such tax is finalised with local tax authorities.

3 Segment reporting

The Group manages its business by a mixture of both business lines and geography. In a manner consistent with the way in which information is reported internally to the Group's top management for the purposes of assessing segment performance and allocating resources between segments, the Group has identified the following six reportable segments.

- Property development segment (Hong Kong/Mainland China/Macau): the development and sale of properties and interests in property development. Given the importance of the property development division to the Group, the Group's property development business is segregated further into three reportable segments on a geographical basis.
- Property investment segment: the leasing of properties to generate rental income and to gain from the appreciation in the properties' values in the long term.
- Oil segment: oil exploration and production.
- Other businesses segment: mainly includes the financial investments, the provision of finance services, income from the sale of ice, the provision of cold storage services and treasury operations.

Revenue comprises mainly rental income from properties, gross proceeds from sale of properties and crude oil, income from interests in property development and interest income.

Reportable segment profit represents profit before taxation by excluding fair value changes on interests in property development and investment properties, finance costs, exceptional items and head office and corporate income/expenses.

Segment assets include all tangible, intangible assets and current assets with the exception of deferred tax assets and other corporate assets.

Notes to the Financial Statements

3 Segment reporting (Continued)

(a) Disaggregation of revenue

	2019 \$'000	2018 \$'000
Revenue from contracts with customers within the scope of HKFRS 15:		
Sale of properties	10,083,299	547,005
Sale of crude oil	61,342	74,710
Others	272,700	123,719
	10,417,341	745,434
Revenue from other sources:		
Distributions from interests in property development	720,000	1,660,000
Rental income	357,486	350,183
Others	128,696	86,817
	11,623,523	2,842,434

At 31 December 2019, the aggregate amount of revenue expected to be recognised in the consolidated income statement in the future from pre-completion sales contracts entered into in relation to the Group's properties in Hong Kong and Mainland China amounted to \$3,523,417,000 (2018: \$4,492,134,000), which will be recognised when the pre-sold properties are assigned to the customers and which is expected to occur within the next 24 months (2018: within the next 24 months).

The Group has applied practical expedient in paragraph 121 of HKFRS 15 to exempt the disclosure of revenue expected to be recognised in the future arising from contracts with customers in existence at the reporting date with performance obligation is part of a contract that has an original expected duration of one year or less.

Notes to the Financial Statements

3 Segment reporting (Continued)

(b) Segment results and assets

Information regarding the Group's reportable segments as provided to the Group's top management for the purposes of resource allocation and assessment of segment performance for the year is set out below.

	2019						
	Consolidated \$'000	Property development			Property investment \$'000	Oil \$'000	Others \$'000

Notes to the Financial Statements

3 Segment reporting (Continued)**(c) Geographical information**

The following table sets out information about the geographical location of (i) the Group's revenue from external customers and (ii) the Group's non-current assets other than financial assets and deferred tax assets. The geographical location of customers is based on the location at which the services were provided or the goods were delivered. The geographical location of non-current assets is based on the physical location of the asset and, in case of interests in associated companies and joint ventures, the location of operations.

	Revenue		Non-current assets	
	2019 \$'000	2018 \$'000	2019 \$'000	2018 \$'000
Hong Kong (place of domicile)	8,995,720	577,314	10,925,867	11,109,843
Mainland China	1,841,764	790,067	4,607,280	4,667,484
Macau	724,500	1,400,000	1,523,416	1,516,280
Kazakhstan	61,539	75,053	66,706	322,707
	11,623,523	2,842,434	17,123,269	17,616,314

In addition to the above non-current assets, the Group has interests in property development of \$10,826,000,000 (2018: \$11,149,530,000) and \$1,780,030,000 (2018: \$1,816,766,000) in Macau and Mainland China respectively.

(d) Major customers and suppliers

During the year ended 31 December 2018, the Group had recognised distributions from interests in property development in Macau and Mainland China with a total amount of \$1,660,000,000 under the property development segment, which exceeded 10% of the Group's revenue. The distributions from interests in property development in Macau with a total amount of \$720,000,000 did not exceed 10% of the Group's revenue for the year ended 31 December 2019. Except for this, less than 30% of the Group's sales and less than 30% of the Group's purchases were attributable to the Group's five largest customers and five largest suppliers respectively.

4 Profit before taxation

Profit before taxation is arrived at after charging/(crediting):

- (a)** Other net expenses mainly represent written down of inventories of \$348,979,000 (2018: Nil).

Notes to the Financial Statements

4 Profit before taxation (Continued)

(b) Finance costs

	2019 \$'000	2018 \$'000
Interest on bank loans	389,415	353,480
Interest on loans from related companies	113,084	21,061
Less: Amount capitalised (<i>Remark</i>)	(212,003)	(163,997)
	290,496	210,544

Remark: Borrowing costs were capitalised at rates of 2.04% - 6.65% (2018: 1.78% - 6.65%) per annum.

(c) Other items

	2019 \$'000	2018 \$'000
Auditors' remuneration	5,271	5,852
Amortisation of oil exploitation assets (<i>Remark</i>)	692	659
Depreciation and amortisation of property, plant and equipment (<i>Remark</i>)	49,201	32,415
Staff costs (<i>Remark</i>)	374,031	236,481
Total staff costs	409,664	273,415
Less: Amount capitalised	(35,633)	(36,934)
Impairment of trade receivables and loans and advances	380	2
Impairment of trade receivables and loans and advances written back	(5,281)	(1,429)
Rentals receivable from investment properties less outgoings	(328,851)	(324,204)
Rental income	(357,486)	(350,183)
Less: Outgoings	28,635	25,979
Interest income	(128,177)	(86,817)

Remark: Cost of sales includes \$28,341,000 (2018: \$22,109,000) relating to staff costs and depreciation and amortisation expenses, which amount is also included in the respective total amounts disclosed separately above.

Notes to the Financial Statements

5 Directors' and management's emoluments

(a) Directors' emoluments

Directors' emoluments disclosed pursuant to Section 383(1) to the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation is as follows:

	Directors' fees \$'000	Salaries, allowances and benefits in kind \$'000	Performance related bonuses \$'000	Provident fund contributions \$'000	2019 Total \$'000
Executive directors					
Mr Or Wai Sheun	-	-	-	-	-
Mr Lai Ka Fai	200	2,425	550	224	3,399

Notes to the Financial Statements

5 Directors' and management's emoluments (Continued)

(b) Individuals with highest emoluments

Of the five individuals with the highest emoluments, two (2018: two) are directors whose emoluments are disclosed in note 5(a). The aggregate of the emoluments in respect of the remaining three (2018: three) individuals are as follows:

	2019 \$'000	2018 \$'000
Salaries and allowances	8,891	7,809
Performance related bonuses	2,638	1,832
Provident fund contributions	54	182
	11,583	9,823

The emoluments of the individuals with the highest emoluments are within the following bands:

	2019	2018
\$1,000,001 – \$2,000,000	–	2
\$2,000,001 – \$3,000,000	1	–
\$3,000,001 – \$4,000,000	1	–
\$4,000,001 – \$5,000,000	–	–
\$5,000,001 – \$6,000,000	–	1
\$6,000,001 – \$7,000,000	1	–

6 Income tax

(a) Taxation in the consolidated income statement represents:

	2019 \$'000	2018 \$'000
Current tax – Hong Kong		
Provision for the year	500,027	55,128
Under-provision in respect of prior years	28,458	2,277
	528,485	57,405
Current tax – Outside Hong Kong		
Provision for the year	29,846	13,409
Over-provision in respect of prior years	(11,509)	(2,630)
	18,337	10,779
LAT	15,494	3,598
Deferred tax		
Origination and reversal of temporary differences	(51,512)	251
	510,804	72,033

The provision for Hong Kong Profits Tax is calculated at 16.5% (2018: 16.5%) of the estimated assessable profits for the year.

Tax levied in jurisdictions outside Hong Kong is charged at the appropriate current rates of taxation ruling in relevant jurisdictions.

Under the Provisional Regulations on LAT in Mainland China, all gains arising from the transfer of real estate property in Mainland China are subject to LAT at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sale of properties less deductible expenditure including the costs of land use rights, borrowing costs and all property development expenditure.

Mainland China tax law also imposed a withholding tax at 10%, unless reduced by a treaty or agreement, for dividends distributed by a PRC-resident enterprise to its immediate holding company outside Mainland China for earnings generated beginning on 1 January 2008. Undistributed earnings generated prior to 1 January 2008 are exempt from such withholding tax. Provision for withholding tax is recognised for the dividends that have been declared and deferred tax liability is recognised for those to be declared in the foreseeable future. The Group did not recognise any withholding tax for the year of 2019 and 2018.

Notes to the Financial Statements

6 Income tax (Continued)

(b) Reconciliation between tax expense and accounting profit at applicable tax rates:

	2019 \$'000	2018 \$'000
Profit before taxation	3,172,780	2,723,905
Tax at applicable tax rates	508,554	490,327
Non-deductible expenses	103,110	31,989
Non-taxable income	(159,393)	(449,523)
Unrecognised tax losses	8,097	22,857
Previously unrecognised tax losses utilised	(33,013)	(11,150)
Previously unrecognised tax losses now recognised	–	(9,028)
Tax effect of temporary differences not recognised	95,241	–
Tax effect of temporary differences derecognised	(19,874)	–
LAT on properties sold	(8,956)	(3,331)
Under/(Over)-provision in respect of prior years	16,949	(353)
Others	89	245
Actual tax expense	510,804	72,033

7 Earnings per share

(a) Basic earnings per share

The calculation of basic earnings per share is based on the profit attributable to shareholders of the Company of \$2,449,733,000 (2018: \$2,193,309,000) and the weighted average number of ordinary shares in issue during the year of 1,176,631,296 (2018: 1,176,631,296).

(b) Diluted earnings per share

There were no dilutive potential shares in existence during the years ended 31 December 2019 and 2018.

Notes to the Financial Statements

8 Dividends

(a) Dividends attributable to the year

	2019 \$'000	2018 \$'000
Cash dividends:		
Interim dividend declared and paid of \$0.24 (2018: \$0.22) per share	282,392	258,859
Final dividend proposed after the end of the reporting period of \$0.54 (2018: \$0.50) per share	635,381	588,316
Special dividend by way of distribution in specie (<i>Remark</i>)	917,773 –	847,175 81,188
	917,773	928,363

Remark: On 22 August 2018, the Board declared a special dividend to be satisfied by way of distribution of specie of share in PAH on the basis of 1 ordinary share of PAH for every 10 ordinary shares of the Company. A total of 117,663,130 PAH shares with an aggregate market value of approximately of \$81,188,000 were recognised as distribution during the year, which represented a distribution of approximately \$0.069 per share of the Company.

The final dividend declared after the year end has not been recognised as a liability at 31 December.

(b) Dividends attributable to the previous financial year, approved and paid during the year

	2019 \$'000	2018 \$'000
Final dividend in respect of the previous financial year, approved and paid during the year, of \$0.50 (2018: \$0.43) per share	588,316	505,951

Notes to the Financial Statements

9 Deferred taxation

- (a) The components of deferred tax (liabilities)/assets recognised in the consolidated statement of financial position and the movements during the year are as follows:

	Future benefit of tax losses \$'000	Revaluation of properties \$'000	Accelerated depreciation allowances \$'000	Others \$'000	Total \$'000
At 1 January 2018	17,408	(620,245)	(31,146)	18,510	(615,473)
Exchange adjustments (Charged)/Credited to the income statement	-	10,548	-	-	10,548
	12,313	(10,242)	(2,324)	2	(251)
At 31 December 2018	29,721	(619,939)	(33,470)	18,512	(605,176)
At 1 January 2019	29,721	(619,939)	(33,470)	18,512	(605,176)
Exchange adjustments	-	4,784	-	-	4,784
Acquisition of subsidiaries	-	-	75	-	75
Credited/(Charged) to the income statement	(16,743)	111,066	(24,654)	(18,157)	51,512
At 31 December 2019	12,978	(504,089)	(58,049)	355	(548,805)
				2019 \$'000	2018 \$'000
Net deferred tax assets recognised in the consolidated statement of financial position				53,523	125,794
Net deferred tax liabilities recognised in the consolidated statement of financial position				(602,328)	(730,970)
				(548,805)	(605,176)

(b) Deferred tax assets not recognised

The Group has not recognised deferred tax assets in respect of cumulative tax losses of \$265,611,000 (2018: \$360,995,000) and temporary difference of \$1,449,415,000 (2018: \$830,000,000) as the probability of generating future taxable profits in order to utilise the tax losses and temporary difference is uncertain at this point of time. The tax losses arising from Hong Kong operations do not expire under current tax legislation. The tax losses arising from the operations in Mainland China expire five years after the relevant accounting year end date. The tax losses arising from the operations in Kazakhstan will expire ten years after the relevant accounting year end date.

10 Investment properties

(a) Reconciliation of carrying amount

	Investment properties completed \$'000	Investment properties under development \$'000	Total \$'000
Valuation			
At 1 January 2018	8,620,300	1,693,200	10,313,500

Reclassification to property, plant and equipment	(248,100)	–	(248,100)
Fair value adjustment	233,546	126,843	360,389
At 31 December 2018	9,026,150	1,581,700	10,607,850
At 1 January 2019	9,026,150	1,581,700	10,607,850
Additions	–	119,347	119,347
Disposals	(3,200)	–	(3,200)
Transfer in/(out)	584,341	(584,341)	–
Fair value adjustment	(168,941)	(130,106)	(299,047)
At 31 December 2019	9,438,350	986,600	10,424,950

The fair value adjustment on investment properties is recognised in the line item “Fair value changes on investment properties” on the face of the consolidated income statement.

Notes to the Financial Statements

10 Investment properties (Continued)**(b) Fair values measurement of investment properties**

The fair value of the Group's investment properties falls under Level 3 of the three-level fair value hierarchy as defined in HKFRS 13, "Fair value measurement". The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used valuation technique.

During the year, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3 (2018: Nil).

The investment properties of the Group were revalued at 31 December 2019 by Vigers Appraisal and Consulting Limited, an independent qualified professional valuer, who has appropriate qualifications and experience in the valuation of similar properties in the relevant locations. The Group's top management hold discussions with the valuer on the valuation assumptions and valuation results at each interim and annual reporting date.

Information about Level 3 fair value measurements

	Valuation techniques (Note 2(c))	Unobservable input	Range	Remark
Investment properties completed	Income capitalisation approach	Capitalisation rate	3.75% to 4.75% (2018: 4% to 4.75%)	(1)
Investment properties under development	Direct comparison approach	Unit sale rate	\$10,100 to \$15,500 per square foot (2018: \$10,500 to \$15,500 per square foot)	(2)

Remarks:

Relationship of unobservable inputs to fair value:

- (1) The fair value is negatively correlated to the unobservable input that the lower the factor the higher the fair value.
 (2) The fair value is positively correlated to the unobservable input that the higher the factor the higher the fair value.

The movements during the year in the balance of these Level 3 fair value measurements are set out in note 10(a) to the financial statements.

10 Investment properties (Continued)

(c) Analysis of the carrying values of interests in leasehold investment properties

	2019 \$'000	2018 \$'000
In Hong Kong, with remaining lease term of:		
– 50 years or more	8,053,400	8,098,900
– between 10 and 50 years	2,371,550	2,508,950
	10,424,950	10,607,850

(d) Investment properties leased out

The Group leases out investment properties under operating leases. The leases typically run for an initial period of several months to four years. Some leases have an option to renew on expiry at which time all terms are renegotiated. Some leases have provisions for turnover rent. Turnover rent of \$2,125,000 was recognised in 2019 (2018: \$2,635,000).

Undiscounted lease payments under non-cancellable operating leases in place at the reporting date will be receivable by the Group in future periods as follows:

	2019 \$'000	2018 \$'000
Within 1 year	223,443	309,335
After 1 year but within 2 years	134,460	179,397
After 2 years but within 3 years	49,714	71,818
After 3 years but within 4 years	10,767	17,162
After 4 years but within 5 years	–	5,147
	418,384	582,859

11 Property, plant and equipment (Continued)

(a) Reconciliation of carrying amount (Continued)

In 2019, an amount of \$197,000 (2018: \$140,000) included in the depreciation and amortisation charge for the year was capitalised under inventories.

Key sources of estimation uncertainty relating to oil production assets are disclosed in note 2(g).

(b) Analysis of the carrying values of right-of-use assets by class of underlying asset:

	2019 \$'000	2018 \$'000
Ownership interests in leasehold land and buildings held for own use in Hong Kong with remaining lease term of:		
– 50 years or more	1,825	1,854
– between 10 and 50 years	446,447	451,657
	448,272	453,511

(c) Analysis of expense items in relation to leases recognised in profit or loss is as follows:

	2019 \$'000	2018 \$'000
Depreciation charge of right-of-use assets by class of underlying asset:		
Ownership interests in leasehold land and buildings	15,662	7,438

During the year, additions to right-of-use assets were \$10,423,000 through acquisition of subsidiaries.

(d) Ownership interests in leasehold land and buildings held for own use

The Group holds several buildings for its property management, retailing and ice and storage business. The Group is the registered owner of these property interests. Lump sum payments were made upfront to acquire these property interests from their previous registered owners, and there are no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities.

Notes to the Financial Statements

12 Interest in subsidiaries

The following table lists out the information relating to PAH, a material subsidiary of the Group which has non – controlling interests (“NCI”). The summarised financial information presented below represents the amounts before any inter-company elimination.

	2019	2018
	\$'000	\$'000
NCI percentage	29.2%	29.2%
Current assets	2,885,909	2,873,240
Non-current assets	13,874,354	14,160,419
Current liabilities	(194,786)	(208,890)

Notes to the Financial Statements

14 Interests in property development (Continued)

Interests in property development represent the Group's interests in the development of various properties located in Macau and Mainland China under co-investment agreements with Polytec Holdings and two of its wholly owned subsidiaries. Pursuant to the terms of the co-investment agreements, the Group will provide funding to cover any shortfall in the funding of the property development projects which is subject to an aggregate maximum amount. In return, Polytec Holdings and its two wholly owned subsidiaries will pay to the Group cash flows from the property development projects according to the formulae set out in the co-investment agreements. Details of the funding arrangements and other key terms of the co-investment agreements are disclosed in the Company's Circulars dated 23 May 2006 and 30 October 2013. Interests in property development are stated at fair value at the end of the reporting period. The basis and estimations for arriving at the fair value of the interests in property development are further described in note 2(e).

During the year ended 31 December 2019, pursuant to the co-investment agreements, distributions of Nil (2018: \$260,000,000) and \$720,000,000 (2018: \$1,400,000,000) were made by Polytec Holdings and one of its wholly owned subsidiaries, in relation to the property development projects at Huizhou and Lotes T+T1 respectively. Income arising from interests in property development recognised in the consolidated income statement from the distributions during the year ended 31 December 2019 amounted to \$720,000,000 (2018: \$1,660,000,000).

As at 31 December 2019, interests in property development of \$1,447,493,000 (2018: \$871,658,000) was expected to be recoverable within one year and was classified as current assets.

15 Interest in joint ventures

	2019 \$'000	2018 \$'000
Share of net assets	4,141,181	4,251,782
Goodwill	62,089	62,089
Loans to joint ventures	417,916	219,500
	4,621,186	4,533,371
Amounts due from joint ventures	316,005	301,926
Amount due to a joint venture	(470,542)	(709,312)
	4,466,649	4,125,985

Loans to joint ventures are unsecured, interest bearing at a fixed rate with reference to bank lending rates and are not expected to be repaid within one year.

The amounts due from and to joint ventures are unsecured, interest-free and recoverable/repayable on demand.

During the year, the Group has recognised interest income of \$13,418,000 (2018: \$16,199,000) from joint ventures.

Notes to the Financial Statements

15 Interest in joint ventures (Continued)

Details of the Group's material interest in joint ventures which are accounted for using the equity method in the consolidated financial statements are as follows:

Joint venture	Place of incorporation/ operation	Proportion of ownership interest			Principal activities
		Group's effective interest	Held by the Company	Held by a subsidiary	
CITIC Polytec Property (Foshan) Company Limited (<i>Remark</i>)	Mainland China	50.0%	50.0%	–	Property development
South Bay Centre Company Limited	Macau	35.4%	–	50.0%	Property investment and trading
Smart Rising Limited	British Virgin Islands/ Mainland China	35.4%	–	50.0%	Investment holding and property development

Remark: CITIC Polytec Property (Foshan) Company Limited is an equity joint venture in Mainland China. It has a wholly owned subsidiary incorporated in Mainland China namely 佛山市山語湖酒店物業管理有限公司 whose principal business is the provision of property management services. The Group's effective interest is 50%.

All joint ventures are unlisted corporate entities for which quoted market price are not available.

The aggregate financial information of joints ventures that are individually immaterial is as follows:

	2019 \$'000	2018 \$'000
Share of net assets	4,141,181	4,251,782
Goodwill	62,089	62,089
Carrying amount in the consolidated financial statements	4,203,270	4,313,871
The Group's effective share of joint ventures:		
Profit for the year	23,434	343,627
Other comprehensive income	(63,923)	(84,144)
Total comprehensive income	(40,489)	259,483

Notes to the Financial Statements

16 Interest in associated companies

	2019 \$'000	2018 \$'000
Share of net assets	1,110,702	1,163,022
Loan to an associated company	395,902	517,437
	1,506,604	1,680,459
Loan from an associated company	(44,229)	(45,218)
	1,462,375	1,635,241

Loan to an associated company is unsecured, interest bearing at a rate determined by the shareholders and not expected to be repaid within one year. During the year, interest income of \$3,748,000 (2018: \$920,000) was recognised in profit or loss and included in the share of profits of associated companies. As at 31 December 2019, accumulated accrued interest income of approximately RMB995,000,000 (2018: RMB896,000,000) due from an associated company has not been recognised as the Group considers it is not probable that the economic benefits will flow to the Group as at the end of the reporting period.

Loan from an associated company is unsecured, interest-free and repayable on demand.

All of associated companies are unlisted corporate entities for which quoted market prices are not available.

Associated company	Place of incorporation/ operation	Proportion of ownership interest		Principal activities
		Direct	Indirect	
CITIC Polytec Property (Tianjin) Co., Ltd	Mainland China	39.0% <i>(Remark)</i>	–	Property development
Jeeves (HK) Limited	Hong Kong	–	34.5%	Provision of high class dry cleaning and valeting services
東莞市嘉安達房地產開發有限公司	Mainland China	–	40.0%	Property development

Remark: In accordance with an agreement in relation to the acquisition of a property development site in Tianjin, Mainland China, the Group is entitled to a share of 49% of profits of the associated company and a 10% of the equity interest in the associated company was to have been transferred to the Group upon full payment of the acquisition consideration. The acquisition consideration was fully paid in 2012 but the transfer of the 10% registered capital had not been completed as at 31 December 2019. Upon the transfer of the title of the 10% registered capital, the related registered capital will be paid by the Group accordingly.

16 Interest in associated companies (Continued)

All of the associated companies are accounted for using the equity method in the consolidated financial statements.

Summarised financial information of CITIC Polytec Property (Tianjin) Co., Ltd, a material associated company, adjusted for any differences in accounting policies, and reconciled to the carrying amount in the consolidated financial statements, are disclosed below:

	2019 \$'000	2018 \$'000
Gross amounts of the associated company		
Current assets	7,104,850	6,333,850
Non-current assets	1,444	5,045

18 Inventories

	2019 \$'000	2018 \$'000
Land/Properties held for future development	4,494,635	4,467,712
Properties under development	8,486,061	11,638,824
Properties held for sale	1,766,575	3,896,005
Trading goods and consumables	10,474	12,784
	14,757,745	20,015,325

The amount of land/properties held for future development and properties under development expected to be recovered after more than one year is \$4,494,635,000 (2018: \$4,467,712,000) and \$7,115,008,000 (2018: \$7,886,304,000) respectively. All of the other inventories are expected to be recovered within one year.

The analysis of carrying value of land under inventories is as follows:

	2019 \$'000	2018 \$'000
In Hong Kong, with remaining lease term of:		
– 50 years or more	1,684,504	1,684,504
– between 10 and 50 years	3,282,738	5,798,883
	4,967,242	7,483,387
Outside Hong Kong, with remaining lease term of:		
– Freehold/Unspecified	32,625	32,625
– 50 years or more	1,839,505	1,853,870
– between 10 and 50 years	4,366,333	5,014,865
	6,238,463	6,901,360
	11,205,705	14,384,747

The analysis of the amount of inventories recognised as an expense and included in profit or loss is as follows:

	2019 \$'000	2018 \$'000
Carrying amount on inventories sold	6,584,074	525,860
Write down of inventories	348,979	–
	6,933,053	525,860

Notes to the Financial Statements

19 Trade and other receivables/Loans and advances

- (a) The following is an ageing analysis (based on the due date) of trade receivables and loans and advances (net of loss allowance) at 31 December:

	2019 \$'000	2018 \$'000
Current	935,898	1,305,913
Within 3 months	18,845	15,139
3 months to 6 months	3,983	309
More than 6 months	11,251	16,510
Trade receivables and loans and advances	969,977	1,337,871
Utility and other deposits	186,571	184,737
Prepaid tax	89,021	99,790
Other receivables and prepayments	631,124	352,038
	1,876,693	1,974,436
Representing:		
Non-current assets	583,171	818,470
Current assets	1,293,522	1,155,966
	1,876,693	1,974,436

Utility and other deposits of the Group of \$8,250,000 (2018: \$7,838,000) are expected to be recovered after more than one year.

Receivables and prepayments of the Group of \$8,124,000 (2018: \$113,444,000) are expected to be recovered after more than one year.

Included in utility and other deposits was a deposit of \$161,095,000 paid to Polytec Holdings for the proposed acquisition of 60% interest of a wholly owned subsidiary of Polytec Holdings together with the assignment of loans from Polytec Holding. In 2018, the Group has paid the deposit of \$161,095,000 for the proposed acquisition through the loan from a related company. The proposed acquisition was terminated in January 2020 and the deposit was refunded to the Group accordingly.

Notes to the Financial Statements

19 Trade and other receivables/Loans and advances (Continued)

(b) Expected credit losses

As at 31 December 2019 and 2018, the Group measures loss allowance for trade receivables and loans and advances at an amount equal to lifetime ECLs, which are calculated using a provision matrix. Given the Group has not experienced any significant credit losses in the past, holds sufficient rental deposits from tenants and hold properties as collateral from customers and borrowers to cover the potential exposure to credit risk, the allowance for ECLs is therefore insignificant.

The movement for the Group in the loss allowance for impairment of trade receivables and loans and advances during the year, including both specific and collective loss components, is as follows:

	2019 \$'000	2018 \$'000
At 1 January	18,994	20,421
Impairment loss recognised	380	2
Impairment loss written back	(5,281)	(1,429)
At 31 December	14,093	18,994

20 Trade and other payables

The following is an ageing analysis (based on the due date) of trade payables at 31 December:

	2019 \$'000	2018 \$'000
Not yet due or on demand	1,736,530	1,516,406
Within 3 months	3,503	14,914
3 months to 6 months	107	17
More than 6 months	24	3
Trade payables	1,740,164	1,531,340
Rental and other deposits	78,278	80,018
Other payables and accrued expenses	328,268	297,675
Contract liabilities – deposits received on sale of properties	1,912,350	4,492,134
	4,059,060	6,401,167

Notes to the Financial Statements

20 Trade and other payables (Continued)

- (a) Rental and other deposits of the Group of \$74,951,000 (2018: \$76,497,000) are expected to be refunded after more than one year.
- (b) Payables and accrued expenses of the Group of \$78,759,000 (2018: \$106,307,000) are expected to be settled after more than one year.
- (c) Deposits received on sale of properties of the Group of \$1,912,350,000 (2018: \$4,151,552,000) are expected to recognise as income within one year.
- (d) Typical payment terms which impact on the amount of contract liabilities recognised are as follows:

Deposits received on sales of properties

The Group receives certain percentage of the amount of sale consideration as a deposit from customers when they sign the sale and purchase agreement relating to property sales. This deposit is recognised as a contract liability until the properties are completed and legally assigned to the customer. The rest of the sale consideration is typically paid when legal assignment is completed/accepted by the customer.

In some sale arrangements, the customers agree to pay the balance of the sale consideration early while construction is still ongoing, rather than when legal assignment is completed or the property is accepted by the customer. Such advance payment schemes result in contract liabilities being recognised throughout the remaining property construction period for the full amount of the sale consideration.

Movements in contract liabilities

	Deposits received on sale of properties	
	2019 \$'000	2018 \$'000
At 1 January	4,492,134	2,869,280
Decrease in contract liabilities as a result of recognising revenue during the year that was included in the contract liabilities at the beginning of the year	(3,436,615)	(390,521)
Increase in contract liabilities as a result of deposits received from customers on sale of properties during the year	869,521	2,071,895
Exchange movement	(12,690)	(58,520)
At 31 December	1,912,350	4,492,134

Notes to the Financial Statements

21 Amounts due from related companies

The amounts due from related companies of \$500,000,000 (2018: \$1,480,000,000) are arisen from the distributions from the interests in property development. The amounts are unsecured, interest-free and subsequently settled against the loans from related companies after the year end.

22 Loans from related companies

Loans from related companies are unsecured, interest bearing at Hong Kong Interbank Offered Rate ("HIBOR") plus a margin per annum and are not expected to be repaid within one year.

23 Bank loans

At 31 December, bank loans were repayable as follows:

	2019 \$'000	2018 \$'000
Within 1 year or on demand	1,526,686	6,825,941
After 1 year but within 2 years	8,657,659	73,500
After 2 years but within 5 years	773,129	8,381,988
More than 5 years	2,634	–
	9,433,422	8,455,488
	10,960,108	15,281,429

At 31 December, bank loans were secured and unsecured as follows:

	2019 \$'000	2018 \$'000
Bank loans		
– secured	9,774,941	13,333,075
– unsecured	1,185,167	1,948,354
	10,960,108	15,281,429

Interest on bank loans is charged at HIBOR plus a margin per annum in Hong Kong or by reference to interest rates for term loans published by the People's Bank of China.

Notes to the Financial Statements

24 Total equity

(a) Movements in components of equity and distribution of reserves

The reconciliation between the opening and closing balances of each component of the Group's consolidated equity is set out in the consolidated statement of changes in equity. Details of the changes in the Company's individual components of equity between the beginning and the end of the year are set out below:

Company

	Note	Share capital \$'000	Retained profits \$'000	Total \$'000
At 1 January 2018		8,636,490	7,672,371	16,308,861
Final dividend declared and paid	8(b)	–	(505,951)	(505,951)
Interim dividend declared and paid	8(a)	–	(258,859)	(258,859)
Special dividend by way of distribution in specie	8(a)	–	(81,188)	(81,188)
Profit for the year		–	528,781	528,781
At 31 December 2018		8,636,490	7,355,154	15,991,644
At 1 January 2019		8,636,490	7,355,154	15,991,644
Final dividend declared and paid	8(b)	–	(588,316)	(588,316)
Interim dividend declared and paid	8(a)	–	(282,392)	(282,392)
Profit for the year		–	2,083,323	2,083,323
At 31 December 2019		8,636,490	8,567,769	17,204,259

At 31 December 2019, the aggregate amount of reserves available for distribution to shareholders of the Company, as calculated under the provisions of Part 6 of the Hong Kong Companies Ordinance was \$2,125,397,000 (2018: \$860,782,000).

24 Total equity (Continued)

(b) Share capital

	2019		2018	
	No. of shares	Amount \$'000	No. of shares	Amount \$'000
Ordinary shares, issued and fully paid At 1 January and 31 December	1,176,631,296	8,636,490	1,176,631,296	8,636,490

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

(c) Capital management

The Group manages its capital to ensure that the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The capital structure of the Group consists of bank borrowings, borrowings from related companies, amounts due from related companies, cash and cash equivalents and equity attributable to shareholders of the Company, comprising issued share capital, reserves and retained profits.

The management reviews the capital structure by considering the cost of capital and the risks associated with each class of capital and maintains an appropriate gearing ratio determined as the Group's net borrowings (bank borrowings plus loans from related companies, net of cash and bank balances and amounts due from related companies) over equity attributable to shareholders of the Company. In view of this, the Group will balance its overall capital structure through the payment of dividends, new shares issues as well as raising new debts or redemption of existing debts. The Group's overall strategy remains unchanged from prior year and the gearing ratio as at 31 December 2019 is 41.3% (2018: 66.2%).

Notes to the Financial Statements

25 Notes to consolidated cash flow statement

(a) Reconciliation of profit before taxation to net cash generated from operating activities:

On 9 August 2019, the Group has acquired 7.9% of the equity interests in Easy Living Consultant Limited ("Easy Living", an associated company of the Group) at a consideration of \$5,214,000 from three independent third parties. The transaction was completed on 9 August 2019 and the Group's equity interest in Easy Living increased to 56.9%. Accordingly, Easy Living and its subsidiary became subsidiaries of the Group.

On 22 June 2018, the Group had entered into an agreement with Polytec Holdings for the proposed acquisition of 100% equity interest of a wholly owned subsidiary of Polytec Holdings together with the assignment of loan from Polytec Holdings for an aggregate consideration of \$2,110,242,000 of which \$742,550,000 for the purchase of shares and \$1,367,692,000 for the assignment of the shareholder's loan. The assets held by the subsidiary comprised of two development projects located in Shanghai, Mainland China. The completion of such acquisition took place on 31 December 2018.

25 Notes to consolidated cash flow statement (Continued)

(d) Non-cash transactions

- (i) During 2019, the Group has partially repaid a loan from related companies by transferring the interest income received and repayment of a loan to an associated company amounting to \$115,984,000 (2018: \$118,626,000), interest income received from a joint venture amounting to \$3,209,000 (2018: Nil) and distributions from interests in property development (note 14) of \$1,700,000,000 (2018: Nil).
- (ii) During 2019, the Group through related companies has provided loan to and amounts due from joint ventures of \$198,416,000 (2018: Nil) and \$4,158,000 (2018: Nil) respectively and repaid amount due to a joint venture of \$44,654,000 (2018: Nil).
- (iii) During 2019, the Group through a related company has repaid the amount due to Polytec Holdings of \$3,390,206,000 (2018: Nil).
- (iv) On 22 June 2018, a wholly owned subsidiary of PAH (a 70.8% owned subsidiary of the Group) had entered into an agreement with Polytec Holdings for the proposed acquisition of 50% equity interest of a wholly owned subsidiary of Polytec Holdings ("target companies") together with the assignment of loan from Polytec Holdings for an aggregate consideration of \$1,200,111,000. The assets held by the subsidiary comprised of a development project located in Zhongshan, Mainland China.

The completion of the acquisition of the target company which has assets comprised of development project located in Zhongshan, Mainland China took place on 31 December 2018 and it became a joint venture of the Group accordingly. The aggregate consideration of \$1,200,111,000 is settled through current account with a related company, apportioned as to \$1,003,652,000 for the acquisition of 50% equity interest of the target company and as to \$196,459,000 for the assignment of loans from Polytec Holdings. At the date of acquisition, the fair value of the target company's identifiable net assets amounted to \$941,563,000 and a goodwill of \$62,089,000 is recognised.

- (v) During 2018, subsidiaries of Polytec Holdings acquired certain properties on behalf of the Group. As at 31 December 2019, properties with an aggregate value of \$1,145,394,000 (2018: \$1,145,394,000) were held on trust by the subsidiaries of Polytec Holdings.

26 Capital commitments

Capital commitments outstanding at 31 December contracted but not provided for in the financial statements amounted to \$25,203,000 (2018: \$43,405,000).

27 Contingent liabilities

As at 31 December 2019, the Group has provided guarantees of \$569,339,000 (2018: \$907,326,000) representing a 50% proportional guarantee in respect of an aggregate of \$1,138,677,000 term loan facilities (2018: \$1,814,651,000) to a joint venture in Mainland China. The facilities were not yet utilised (2018: utilised \$570,645,000) at 31 December 2019.

As at 31 December 2019, the Group had given guarantees to financial institutions in respect of performance bonds entered into by a subsidiary to the extent of \$54,654,000.

Notes to the Financial Statements

28 Pledge of assets

At 31 December 2019, properties having a value of approximately \$15,168,213,000 (2018: \$16,863,598,000) and bank deposits of \$15,000,000 (2018: \$1,042,161,000) were pledged to banks under fixed charges mainly to secure general banking facilities granted to the Group.

30 Staff retirement scheme

The Group operates a defined contribution staff retirement scheme. Contributions under the scheme are charged to the income statement as incurred. The amount of contributions is based on a specified percentage of the basic salary of the eligible employees. No forfeited contributions in respect of unvested benefits of staff leavers was utilised to reduce the Group's ongoing contributions during the year 2019 and 2018. There were no unutilised forfeited contributions at the end of the reporting period of both years. The Group's annual contribution for the year was \$546,000 (2018: \$632,000).

Contributions to the Mandatory Provident Funds of \$11,081,000 (2018: \$6,075,000) as required under the Hong Kong Mandatory Provident Fund Schemes Ordinance were charged to the income statement for the year.

Employees of the Group's subsidiaries in the Mainland China are required to participate in defined contribution retirement schemes which are administered and operated by the local municipal governments. The Group's subsidiaries contribute funds of \$2,470,000 (2018: \$3,201,000), which were calculated on certain percentages of the average employee salary as agreed by the local municipal governments, to the schemes to fund the retirement benefits of the employees.

31 Material related party transactions

In addition to the transactions and balances disclosed above, the Group also entered into the following material related party transactions:

- (a) Polytec Holdings has guaranteed the due performance of the Company in respect of its obligations in the property development project in Tianjin, Mainland China.
- (b) As at 31 December 2019, certain bank loans were secured by properties and shares of and guaranteed by subsidiaries of Polytec Holdings having a total value of \$3,007,000,000 (2018: \$2,845,500,000).
- (c) During the year, the remuneration for key management personnel being short-term employee benefits amounted to \$22,980,000 (2018: \$20,504,000) as disclosed in notes 5(a) and 5(b). The remuneration of directors and senior management is recommended by the Remuneration Committee to the Board having regard to the performance and responsibilities of individuals and market trends.
- (d) As at 31 December 2018, the Group has given guarantees to an insurance company and financial institutions in respect of performance bonds entered into by an associated company to the extent of \$28,212,000.

32 Financial risk management and fair values

The Group is exposed to interest rate, credit, liquidity, currency and other price risks which arise in the normal course of the Group's business as set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner and these risks are limited by the financial policies and practices undertaken by the Group.

(a) Interest rate risk

The Group is exposed to interest rate risk through the impact of rate changes on interest bearing bank borrowings and borrowings from related companies. All the borrowings are on a floating rate basis. The risk is mainly concentrated on the fluctuation in interest rates arising from the Group's borrowings.

Interest rate risk is managed by the Group's management with defined policies through regular review to determine the strategy as of funding in floating/fixed rate mix appropriate to its current business profile, and to engage in relevant hedging arrangements at the appropriate time.

At 31 December 2019, it is estimated that an increase/decrease in interest rates by 100 basis points, with all other variables held constant, would have decreased/increased the Group's result attributable to shareholders of the Company and retained profits by approximately \$77 million (2018: \$92 million).

The sensitivity analysis has been determined based on the exposure to interest rate risk at the end of the reporting period. The analysis is prepared assuming the amount of interest bearing borrowings outstanding at the end of the reporting period was outstanding for the whole year. The analysis has been performed on the same basis for 2018.

(b) Credit risk

The Group's maximum exposure to credit risk in the event of the counterparties' failure to perform their obligations as at 31 December 2019 and 2018 in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the consolidated statement of financial position.

The Group maintains a defined credit policy. An ageing analysis of trade receivables and loans and advance is prepared on a regular basis and is closely monitored to minimise any credit risk associated with receivables and loans and advances. Collateral is usually obtained in respect of loans and advances to customers.

Cash at bank and deposits placed with financial institutions are with counterparties with sound credit ratings to minimise credit exposure.

The Group has no significant concentration of credit risk, with exposure spread over a number of counterparties and customers.

All of the Group's debt securities measured at amortised cost of \$161,050,000 at 31 December 2019 represent listed debt securities. Management assessed the credit risk of each of the Group's investment in debt securities with reference to the grading by market credit rating agencies, where available, and default probability analysis performed by external agencies. As at the end of the reporting period, no significant increase in credit risk was identified since the initial recognition of each investment, based on changes in credit rating since investments made, and the loss allowance recognised during the period was therefore limited to 12 months ECLs.

The Group estimated credit loss based on respective 12 months default risks rate as at 31 December 2019 for the issuer of each listed debt securities, which are obtained from external agencies and considered that the allowance for ECLs is insignificant.

Notes to the Financial Statements

32 Financial risk management and fair values (Continued)

(c) Liquidity risk

Cash management of the Company and wholly owned subsidiaries of the Group are substantially centralised at the Group level. The non wholly owned subsidiaries are responsible for their own cash management, including the short term investment of cash surpluses with creditworthy financial institutions and the raising of loans to cover expected cash demands, in accordance with the established policies and strategies with the concurrence by the management of the Group. The Group's policy is to regularly monitor current, expected liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash, readily realisable marketable securities and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

The following tables detail the remaining contractual maturities at the end of the reporting period of the Group's financial liabilities, which are based on contractual undiscounted cash flows and the earliest date the Group can be required to pay:

	Contractual undiscounted cash flows						Carrying amount \$'000
	Within 1 year or on demand \$'000	More than 1 year but less than 2 years \$'000	More than 2 years but less than 5 years \$'000	Over 5 years \$'000	Undated \$'000	Total \$'000	
At 31 December 2019							
Trade and other payables	1,984,423	75,962	-	-	77,748	2,138,133	2,138,133
Bank loans	1,915,109	8,828,500	786,343	3,062	-	11,533,014	10,960,108

Loan from an associated company	-	-	-	-	44,229	44,229	44,229
Other payables	-	-	-	-	17,688	17,688	17,688
	4,370,074	8,904,462	786,343	3,062	4,112,044	18,175,985	17,603,079
At 31 December 2018							
Trade and other payables	1,716,166	80,782	23,955	-	78,067	1,898,970	1,898,970
Bank loans	7,227,995	362,252	8,480,592	-	-	16,070,839	15,281,429
Loan from a related company	-	-	-	-	4,274,519	4,274,519	4,274,519
Amount due to a joint venture	709,312	-	-	-	-	709,312	709,312
Loan from an associated company	-	-	-	-	45,218	45,218	45,218
Other payables	-	-	-	-	17,450	17,450	17,450
	9,653,473	443,034	8,504,547	-	4,415,254	23,016,308	22,226,898

The Group is exposed to liquidity risk that arises from guarantees in respect of banking facilities and performance bonds of a joint venture and a subsidiary. The guarantees are callable if the joint venture or the subsidiary is unable to meet its obligations. Further details are set out in to note 27.

32 Financial risk management and fair values (Continued)

(d) Currency risk

The Group owns assets and conducts its business mainly in Hong Kong, Mainland China, Macau and Kazakhstan.

The Group's primary foreign currency exposures arise from its direct property development and investments in Mainland China. The Group is mainly exposed to the effects of fluctuation in Renminbi. Where appropriate and cost efficient, the Group seeks to finance these investments by Renminbi borrowings and as future returns from these investments are denominated in Renminbi, exposure to Renminbi currency risk is minimised.

The Group conducts its oil exploration and production business primarily in Kazakhstan. Currency exposure arises from sale of crude oil in a currency other than the local currency of the domicile of the Group entity making the sale. The sales are substantially denominated in United States Dollars, whilst the costs are substantially denominated in Kazakhstan Tenge.

Management considers this risk is insignificant to the Group as a whole but still manages and monitors this risk to ensure that its net exposure is kept to an acceptable low level.

(e) Other price risk

The Group is also exposed to property price risk through its interests in property development. The Group has a team reporting to the top management which performs the valuation of the interests in property development required for financial reporting purposes. Discussions of valuation processes and results are held between the top management and the team at least once every six months, in line with the Group's half-yearly reporting dates. The key unobservable market data used in the models of development projects at Lotes T+T1 in Macau and Huizhou in Mainland China includes estimated selling prices of the underlying properties which are derived from observable market data, including average market prices of residential properties in Macau and Mainland China, with certain adjustments to reflect the impacts of those factors on the development. The adjustments to the average market selling price range from -10% to +10%. The fair value measurement is positively correlated to adjustments to the selling prices of the underlying properties. At 31 December 2019, it is estimated that an increase/decrease of 5% in the expected/forecasted selling price of the underlying properties at Lotes T+T1 and Huizhou (31 December 2018: underlying properties at Lotes T+T1 and Huizhou) of the Group's interests in property development, with all other variables held constant, would have increased/decreased the Group's retained profits by \$184,691,000/\$184,691,000 (2018: \$233,944,000/\$233,944,000).

The analysis has been determined assuming that the changes in the selling price of the underlying properties had occurred at the end of the reporting period and had been applied to the exposure to property price risk in existence at that date. The analysis has been performed on the same basis as for 2018 and taken into account of the expiration of the land concession as set out in note 2(e).

32 Financial risk management and fair values (Continued)

(f) Fair values measurement of financial instruments

Financial assets and liabilities measured at fair value

The following table presents the carrying value of financial instruments measured at fair value at the end of the reporting period across the three levels of the fair value hierarchy defined in HKFRS 13, "Fair value measurement", with the fair value of each financial instrument categorised in its entirety based on the lowest level of input that is significant to that fair value measurement. The levels are defined as follows:

- Level 1: fair values measured using quoted prices (unadjusted) in active markets for identical financial instruments
- Level 2: fair values measured using quoted prices in active markets for similar financial instruments, or using valuation techniques in which all significant inputs are directly or indirectly based on observable market data
- Level 3: fair values measured using valuation techniques in which any significant input is not based on observable market data

	2019 \$'000	2018 \$'000
Assets		
Level 1		
Other financial assets		
– Listed equity securities in Hong Kong	15,418	–
Level 3		
Interests in property development	14,053,523	13,837,954

During the year there were no significant transfers between instruments in Level 1 and Level 2.

The movement during the year in the balance of Level 3 fair value measurements are set out in note 14 to the financial statements.

34 Parent and ultimate holding company

At 31 December 2019, the Directors consider the parent company and ultimate holding company to be Intellinsight Holdings Limited and New Explorer Developments Limited, which are both incorporated in the British Virgin Islands. Neither entity produces financial statements available for public use.

Notes to the Financial Statements

35 Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 December 2019

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments and a new standard, HKFRS 17, "Insurance contracts", which are not yet effective for the year ended 31 December 2019 and which have not been adopted in these financial statements. These include the following which may be relevant to the Group.

	<i>Effective for accounting periods beginning on or after</i>
Amendments to HKFRS 3, "Definition of a business"	1 January 2020
Amendments to HKAS 1 and HKAS 8, "Defining of material"	1 January 2020

The Group is in the progress of making an assessment of what the impact of these developments is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the Group's consolidated financial statements.
