CHANGE OF CONTROL AND MANAGEMENT

On 7 December 2001, Intellinsight Holdings Limited entered into a conditional sale and purchase agreement with certain shareholders of the Company to acquire approximately 51.5% of the issued share capital of the Company. The agreement was completed on 18 December 2001. Intellinsight Holdings Limited is a wholly-owned subsidiary of Polytec Holdings International Limited and is ultimately wholly-owned by a discretionary family trust, the beneficiaries of which include Mr. Or Wai Sheun and his family members.

Pursuant to the Hong Kong Code on Takeovers and Mergers, Intellinsight Holdings Limited made a mandatory unconditional cash offer to acquire all the issued shares and options of the Company not already owned by Intellinsight Holdings Limited and parties acting in concert with it. As at today's date, Intellinsight Holdings Limited and parties acting in concert with it owned and controlled 414,856,883 shares in the Company, representing approximately 85.8% of the issued share capital of the Company. A waiver has been obtained from The Stock Exchange of Hong Kong Limited from strict compliance with rule 8.08 of the Listing Rules, which requires at least 25% of the issued share capital of a listed company be held in public hands, until 11 May 2002 in order for Intellinsight Holdings Limited to reduce its shareholding in the Company. Intellinsight Holdings Limited is actively taking steps to place such number of shares as to result in not less than 25% of the issued share capital being owned by the public in accordance with the requirements of the Listing Rules.

Following closing of the offer, all but one of the former 16 directors, including those holding executive positions in the Company, resigned. On 16 January 2002, nine new directors were appointed.

BUSINESS REVIEW

2001 was a difficult year for the Group which recorded a drop of 4.9% in gross

rental income as compared with last year. Also during the year, the Group disposed of two of its properties, the Chong Kin Commercial Building and the retail space at Sceneway Garden Arcade, at considerations of \$158 million and \$163 million respectively, which resulted in a loss of \$243.1 million after a transfer of the related revaluation deficit from the investment property revaluation reserve.

With the distribution of 52 million shares of The Kowloon Motor Bus Holdings Limited to the Company's shareholders as a special interim dividend, the Group's long-term listed investment portfolio reduced substantially. Total income generated from the portfolio decreased by 5% when compared with 2000 and, if no further changes are made to the portfolio, will reduce substantially in 2002.

The other businesses, including property management, securities trading and film distribution showed improved performance and have contributed profits to the Group.

The Group disposed of its interests in two associated companies in 2001, namely the 40% equity interest in Kowloon Development K F Lo Securities Limited and the 48% shareholdings in NetThruPut Inc., at considerations of \$9 million and US\$10 million respectively. The first disposal resulted in a loss of \$0.9 million to the Group while the latter realized a profit of \$1.6 million.

In March 2002, in line with the Group's new objective to concentrate on the property development and investment business, the Group sold its interest in Harvest City Ltd. at a consideration of \$25 million and realized a profit of \$0.6 million. In the same month, the Company entered into a conditional sale and purchase agreement with Polytec Holdings International Limited for the acquisition of a portfolio of property interests, including the exclusive development rights relating to a real estate project in Hong Kong, at an aggregate consideration of approximately \$816.3 million, subject to a final adjustment as set out in the agreement. The transaction constitutes a connected transaction for the Company and independent shareholders' approval will be sought at the forthcoming extraordinary general meeting to be held on 15 April 2002.

Also in March 2002, the Group acquired the major portion of the first floor of the Commercial Podium of Mandarin Plaza (also known as New Mandarin Plaza)

in Tsimshatsui for \$77 million. This retail investment will provide an initial yield of 11.7% per annum before letting of vacant space of 6,564 sq. ft.

PROSPECTS

The new management intends to add dynamism to the Group's principal activities of property development and investment and will actively seek new opportunities in these areas, the first of which is the proposed acquisition of interests in properties from Polytec Holdings International Limited. The acquisition represents approximately 2 million sq. ft. of developable area, an increase of more than 3 times of the Group's existing property investment and development portfolio. The directors believe that the acquisition will enable the Group to develop high quality residential and commercial property in Hong Kong and thus strengthen the Group's property portfolio and create an additional income stream in the coming years.

Going forward, the Company's intention is to provide shareholders with a significant annual improvement in total return, made up of annual dividends and increase in asset value per share.

On the operational level, management is studying the Group's structure and procedures with a view to enhancing efficiency and reducing the cost base where appropriate. A first step to this end will be to propose a change to the Company's Articles of Association to remove the annual bonus of 2% of net profit paid to directors. Management's effort will focus on enhancing shareholder value.

The directors are confident that Kowloon Development group has an active and progressive future.

FINANCIAL REVIEW

Fund Management

With the proceeds from the sale of the two investment properties and disposal of the Group's interest in the two associated companies, NetThruPut Inc. and Kowloon Development K F Lo Securities Limited in 2001, the Group's bank borrowings reduced significantly from \$850.3 million as at 31 December 2000 to \$302 million as at 31 December 2001. The debt to equity ratio also decreased

from 20% to 10% accordingly.

The Group had committed undrawn bank facilities of more than \$400 million available as at 31 December 2001. This is sufficient for the Group's general working capital needs and commitments for the development of Robinson Road project.

Since the year end, sufficient banking facilities have been arranged to meet the funding requirements in respect of the contemplated acquisition of assets from Polytec Holdings International Limited.

Interest Rate and Currency Exposure

All bank borrowings are arranged on a floating rate basis, of which \$200 million has been hedged by an interest rate swap contract arranged in early 2001. Management will closely monitor the Group's exposure to interest rate risks on the remaining financial obligations.

Most of the Group's activities are in Hong Kong and therefore the Group's exposure to exchange rate fluctuations is insignificant.

Pledge of Assets

At 31 December 2001, properties of the Group with an aggregate carrying value of approximately \$3,058 million were pledged to banks under fixed charges to secure general banking facilities granted to the Group.

Contingent Liabilities

The Group has given guarantees to banks and insurance company in respect of bank facilities and a performance bond granted to or entered into by certain associated companies amounting to \$34.9 million. These facilities were utilized to the extent of \$34 million at 31 December 2001.

STAFF BENEFITS

Staff Remuneration and Training

As at 31 December 2001, the Group employed 125 staff. Total salaries of the

employees for the year 2001 amounted to \$32.7 million. Staff remuneration is reviewed annually based on the staff's performance and prevailing market conditions. The Group encourages continual staff improvement and development by organising and sponsoring various forms of training.

Share Option Scheme

The Group has a share option scheme which was approved by the shareholders on 19 June 2000. Options may be granted under the scheme to employees of the Group, including the executive directors, to subscribe for shares of the Company.

Provident Fund Scheme

The Group operates a defined contribution staff retirement scheme (ORSO scheme) since 1 October 1994 and a mandatory provident fund scheme (MPF scheme) since 1 December 2000. All new employees who join the Group on or after 1 December 2000 are required to join the MPF scheme.

PURCHASE, SALE OR REDEMPTION OF SHARES

There was no purchase, sale or redemption by the Company, or any of its subsidiary companies, of the Company's shares during the year.

OTHER INFORMATION

A detailed announcement of results containing all the information required by paragraphs 45(1) to 45(3) of Appendix 16 of the Listing Rules will be subsequently published on The Stock Exchange of Hong Kong Limited's website (<http://www.hkex.com.hk>) in due course.
